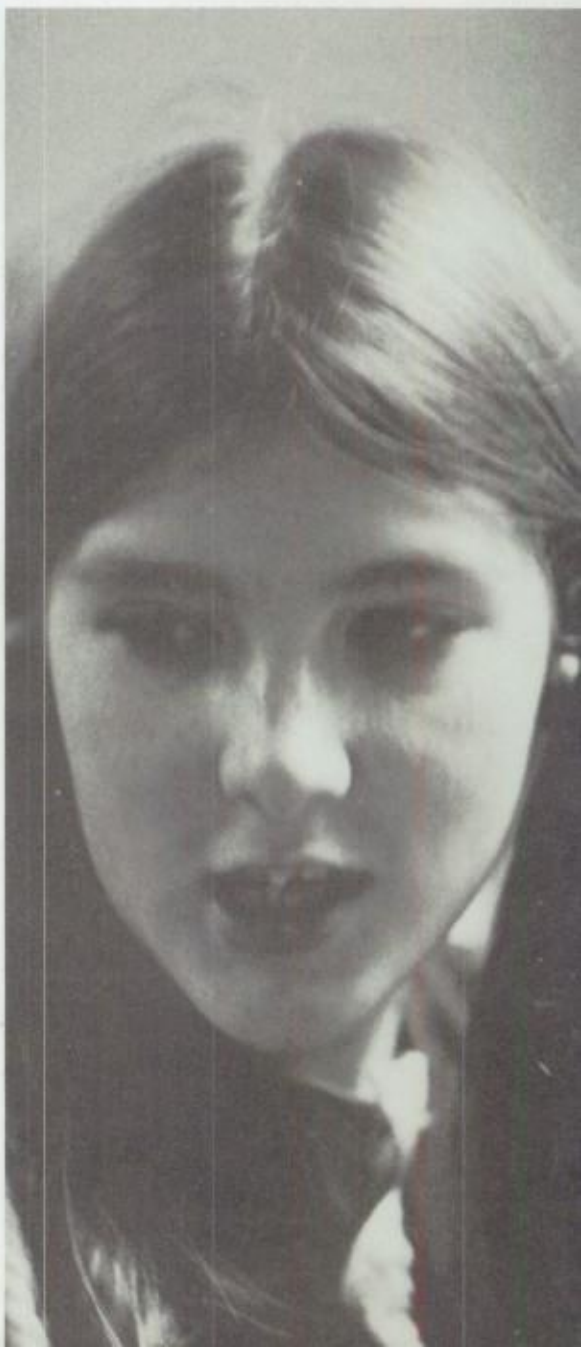
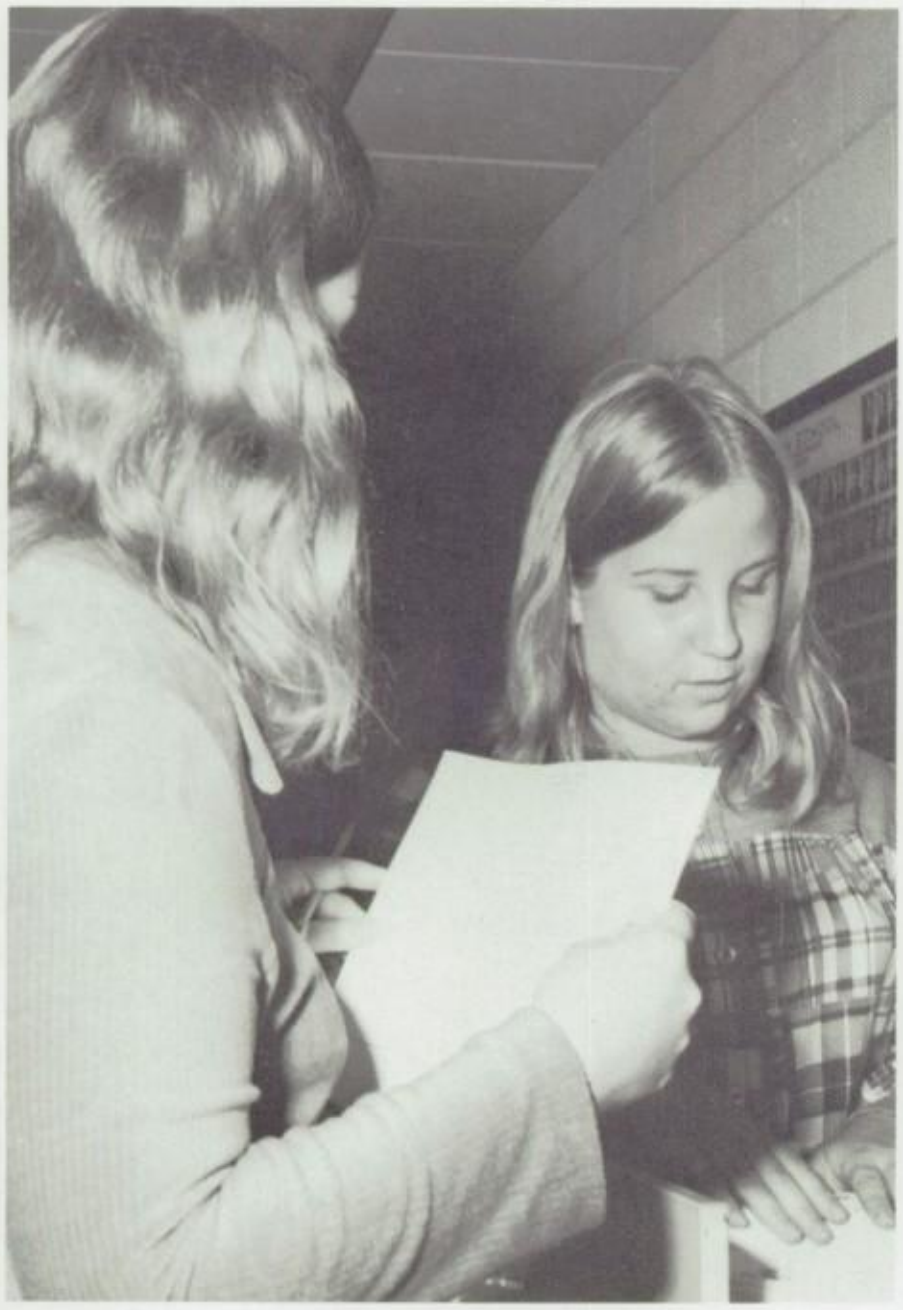
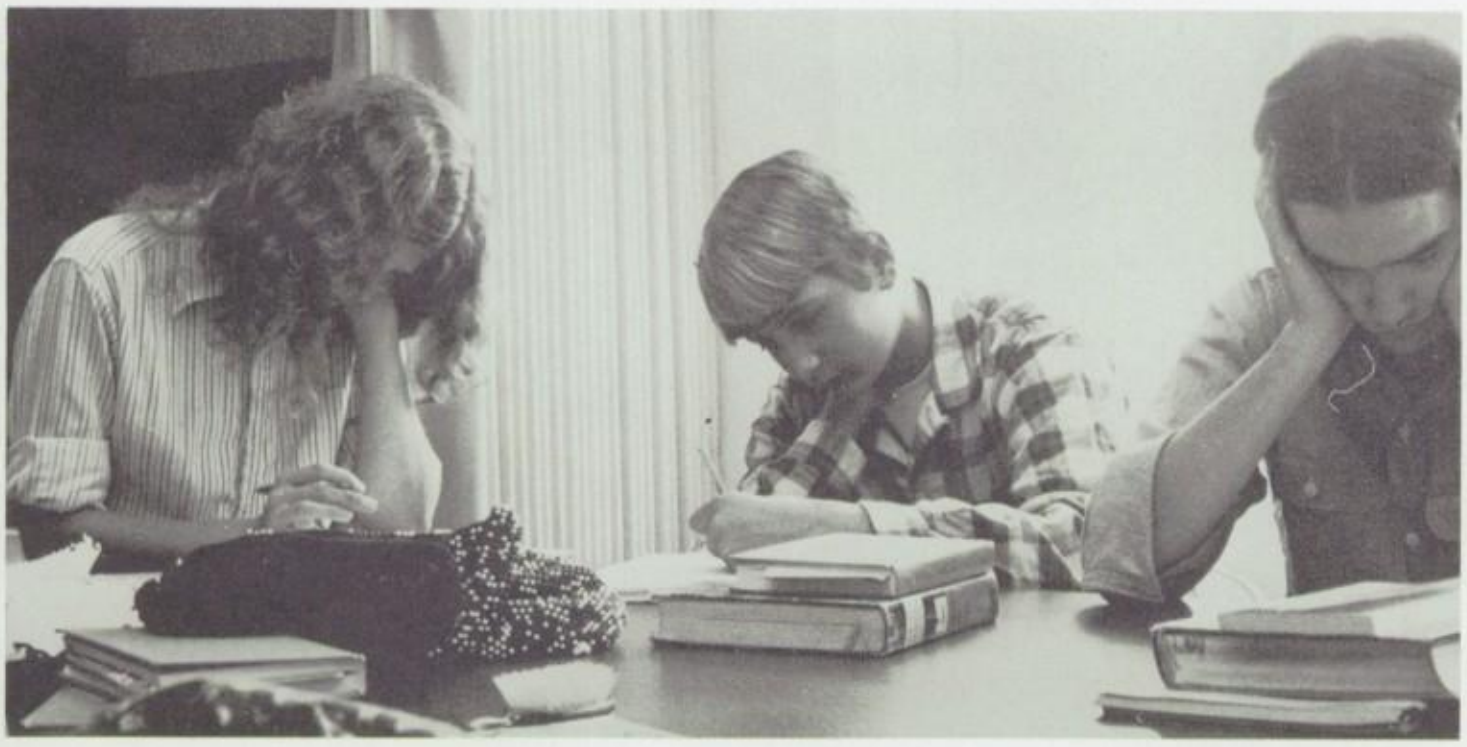
The Student . . .

Faces Apart
or Lost in a Crowd . . .

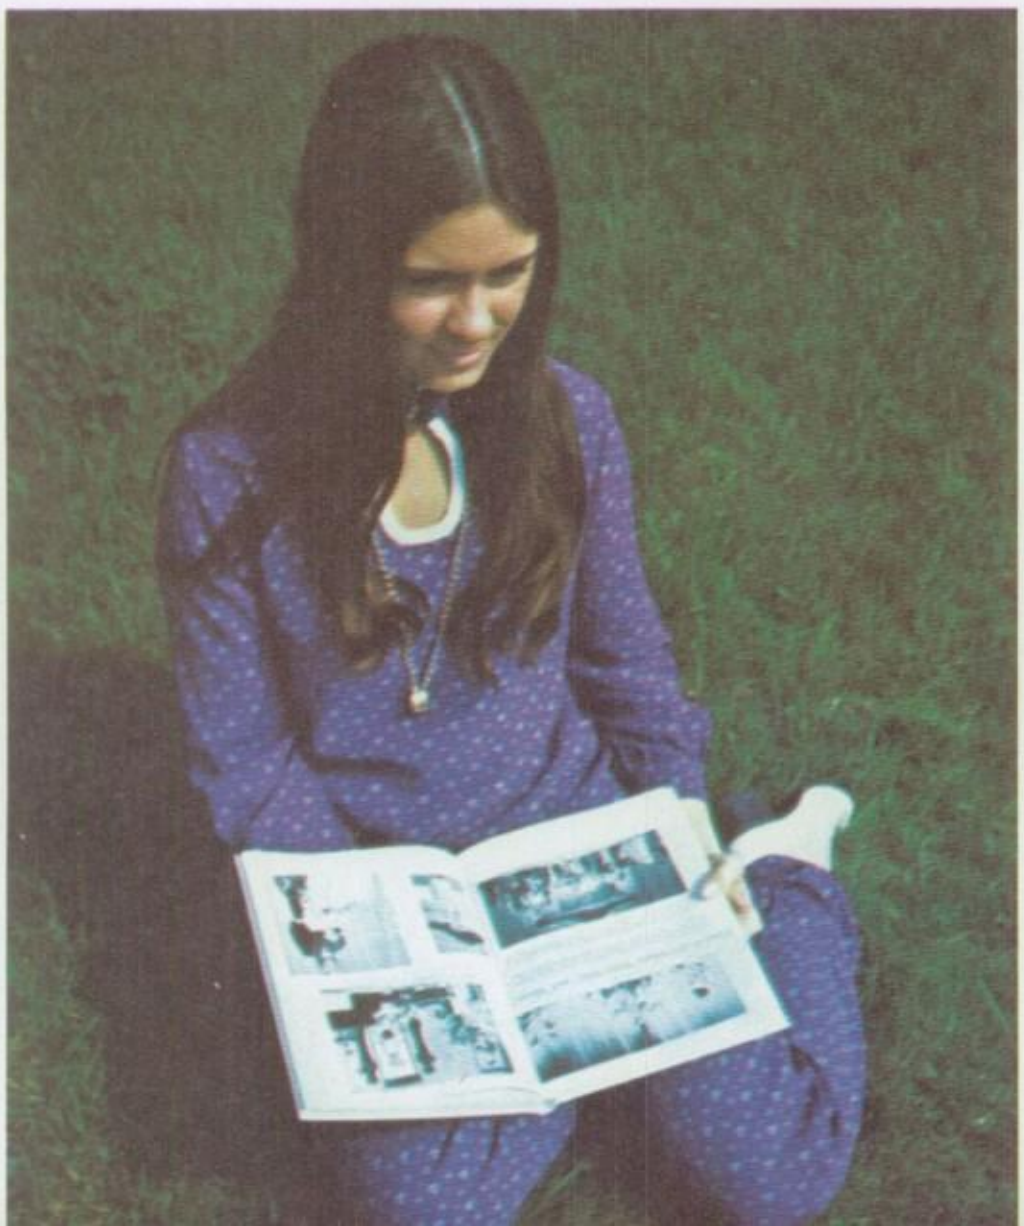
Seeking the Way . . .



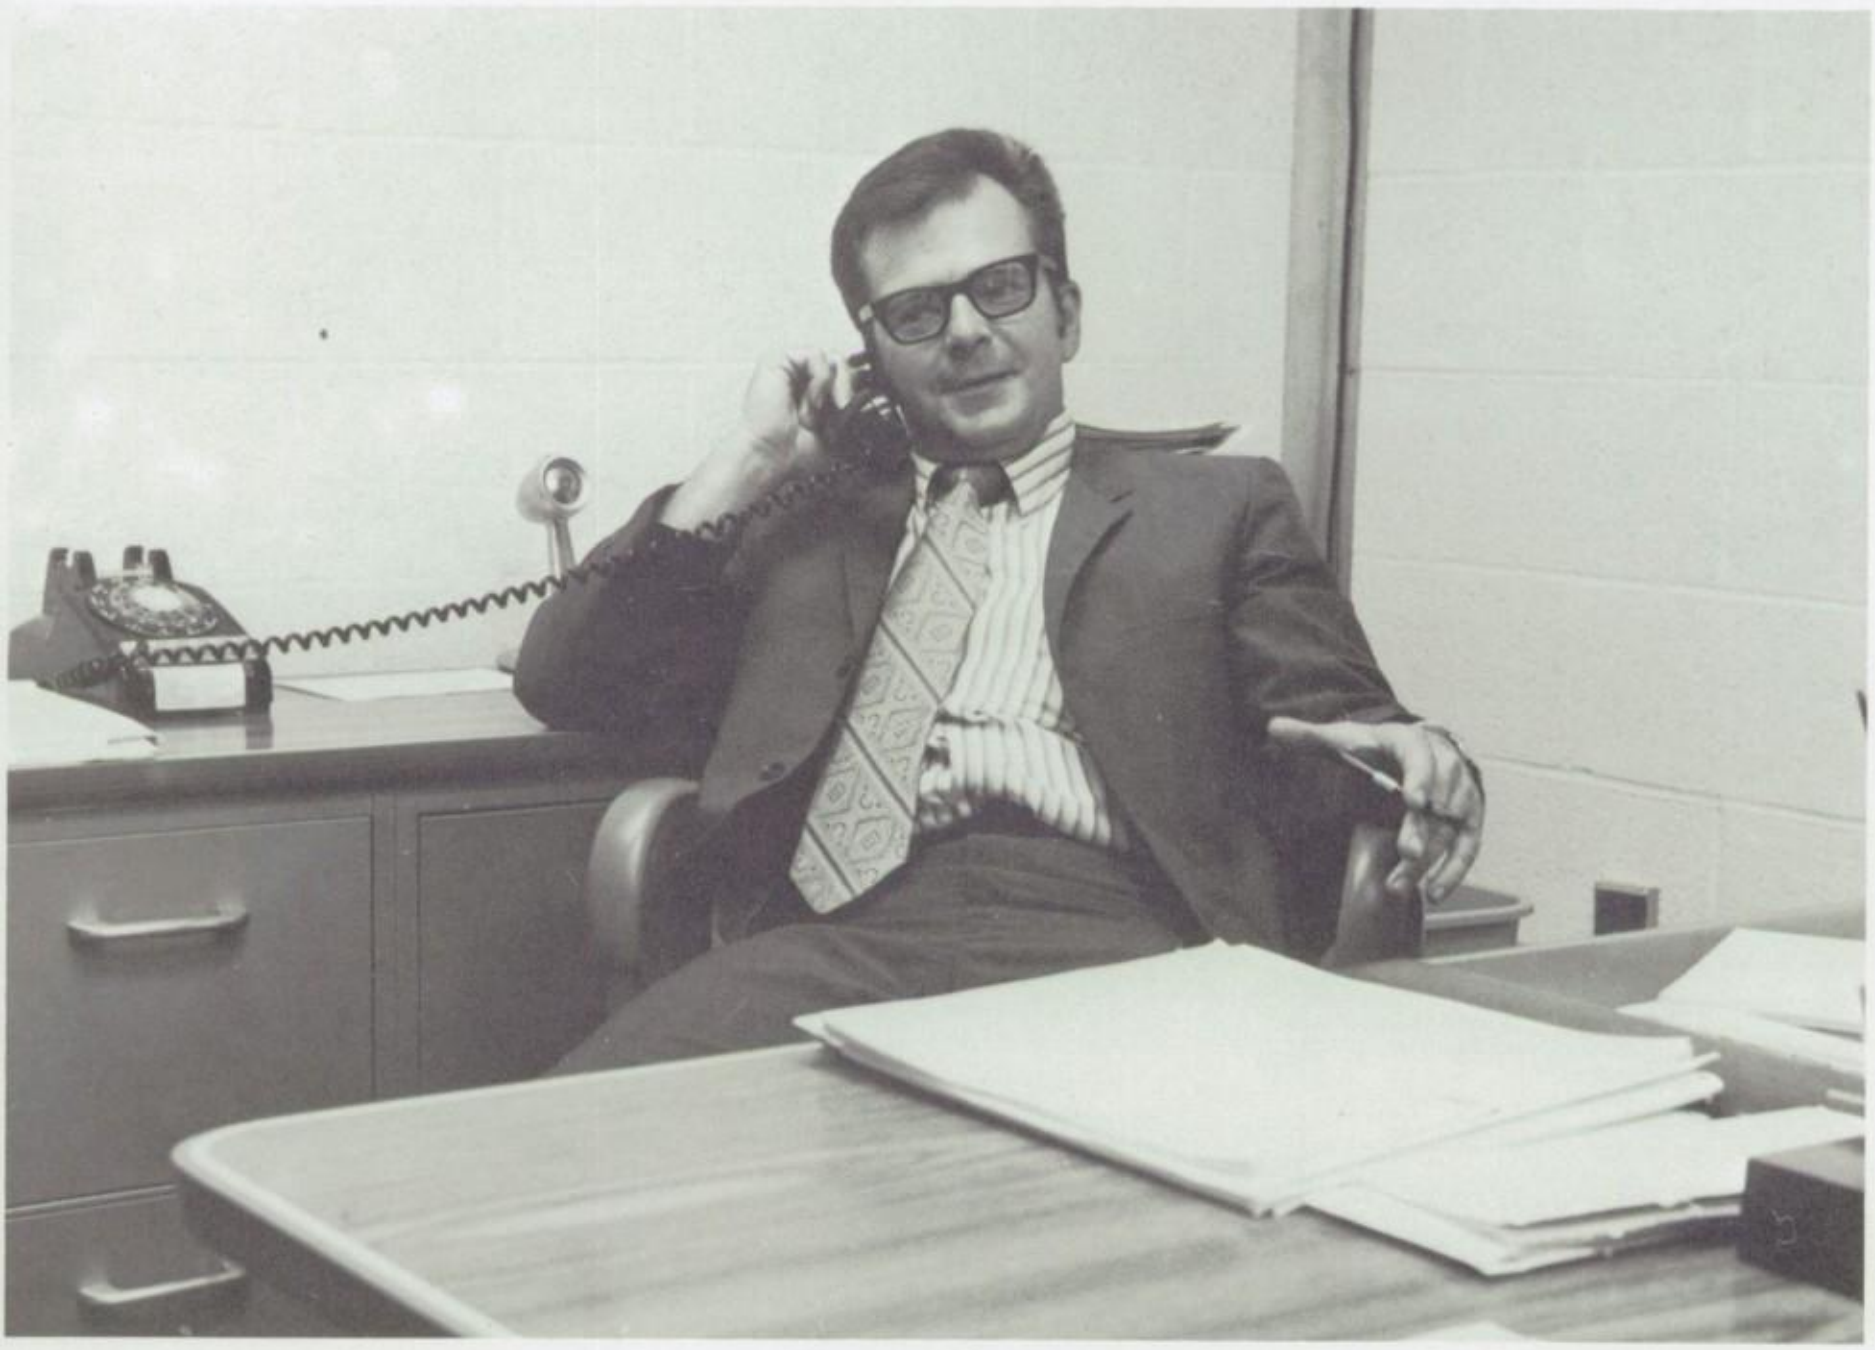




To a Better Future.



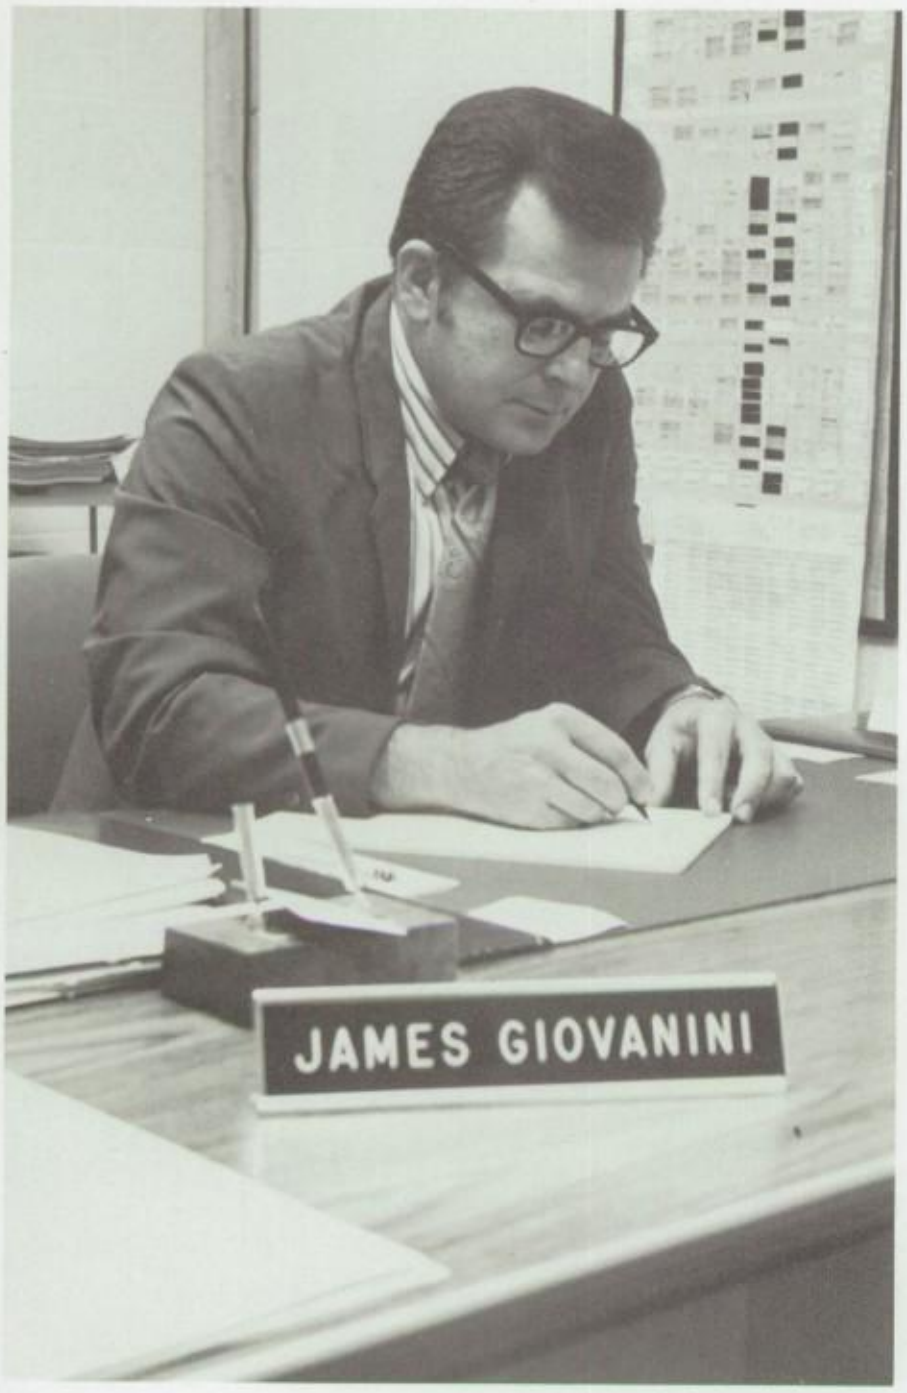
TOUCHDOWN



FACULTY AND ACADEMICS

A familiar face is that of Mr. Shultz. His spirit and dedication have helped to make Lake High number 1. He has always taken an active interest in the student body. For this we are truly grateful.

Upper left: Mrs. Barbara Aldridge
Upper right: Superintendent Edward Shultz
Lower right: Mr. Edward Egan



A large amount of credit for the success of this year goes to our principal, Mr. Giovanini. We, the student body, would like to thank him for the genuine interest he has shown in us, as individuals, throughout the year. His enthusiasm and understanding have been greatly appreciated.

Upper left: Mr. James Giovanini
Upper right: Mrs. Dorothy Hendershot
Lower left: Miss Janet Homan

Throughout the year, Mr. Egan has displayed his competence as our assistant principal. He has done an outstanding job in handling attendance records and discipline, and acting as chairman of the faculty committee on curriculum development.

Guidance Counselors

These dedicated people help us throughout the year. Mrs. Gorcheff and Mr. Pitocco spend their days surrounded by surveys, reports, college applications, and student problems. To them goes a well-earned thanks.

Upper: Mrs. Gorcheff
Lower: Mr. Pitocco

Academic Challenge Team

Modern Laboratories and Equipment Enhance Experiments

Mrs. Ellenberger shows the proper use of the chemicals.

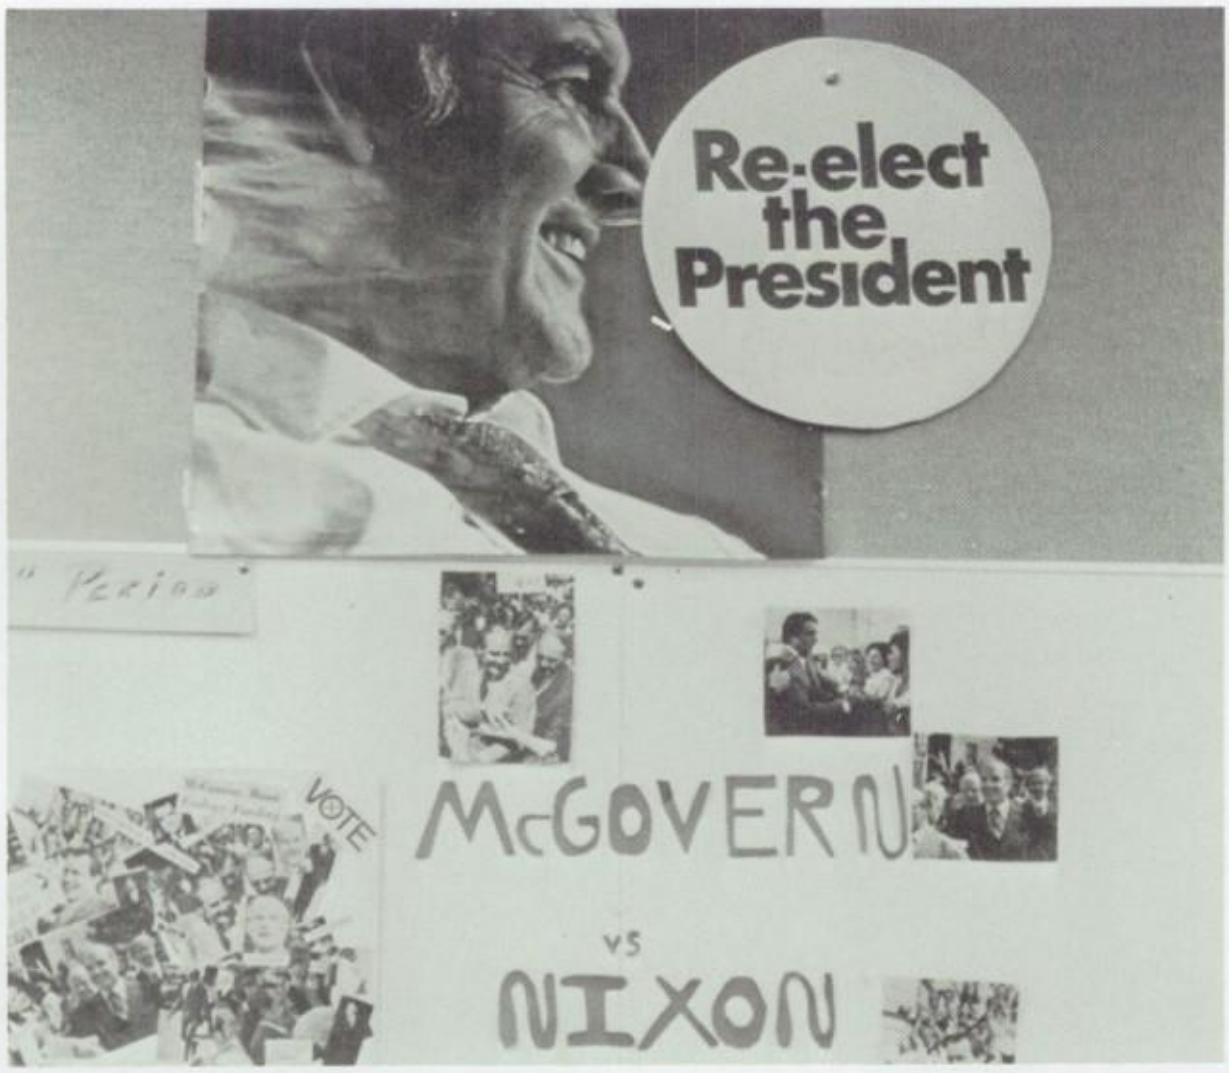
The mad scientist at work.

Mrs. Lowden explains the fundamentals of physics.

And Instruction

This year the science classes offer more lab oriented courses. That is, students have a chance to perform more experiments. Next year two new classes will be offered: a semester of Botany and a semester of Zoology. This offers students a major in life science with Zoology, Botany, Biology, and Physiology. They also can have a Physical Science major with Physical Science, Chemistry, and Physics. For the college bound there is the comprehensive science major with electives in Botany, Zoology, and Physiology.

There's more than one way to skin a cat.

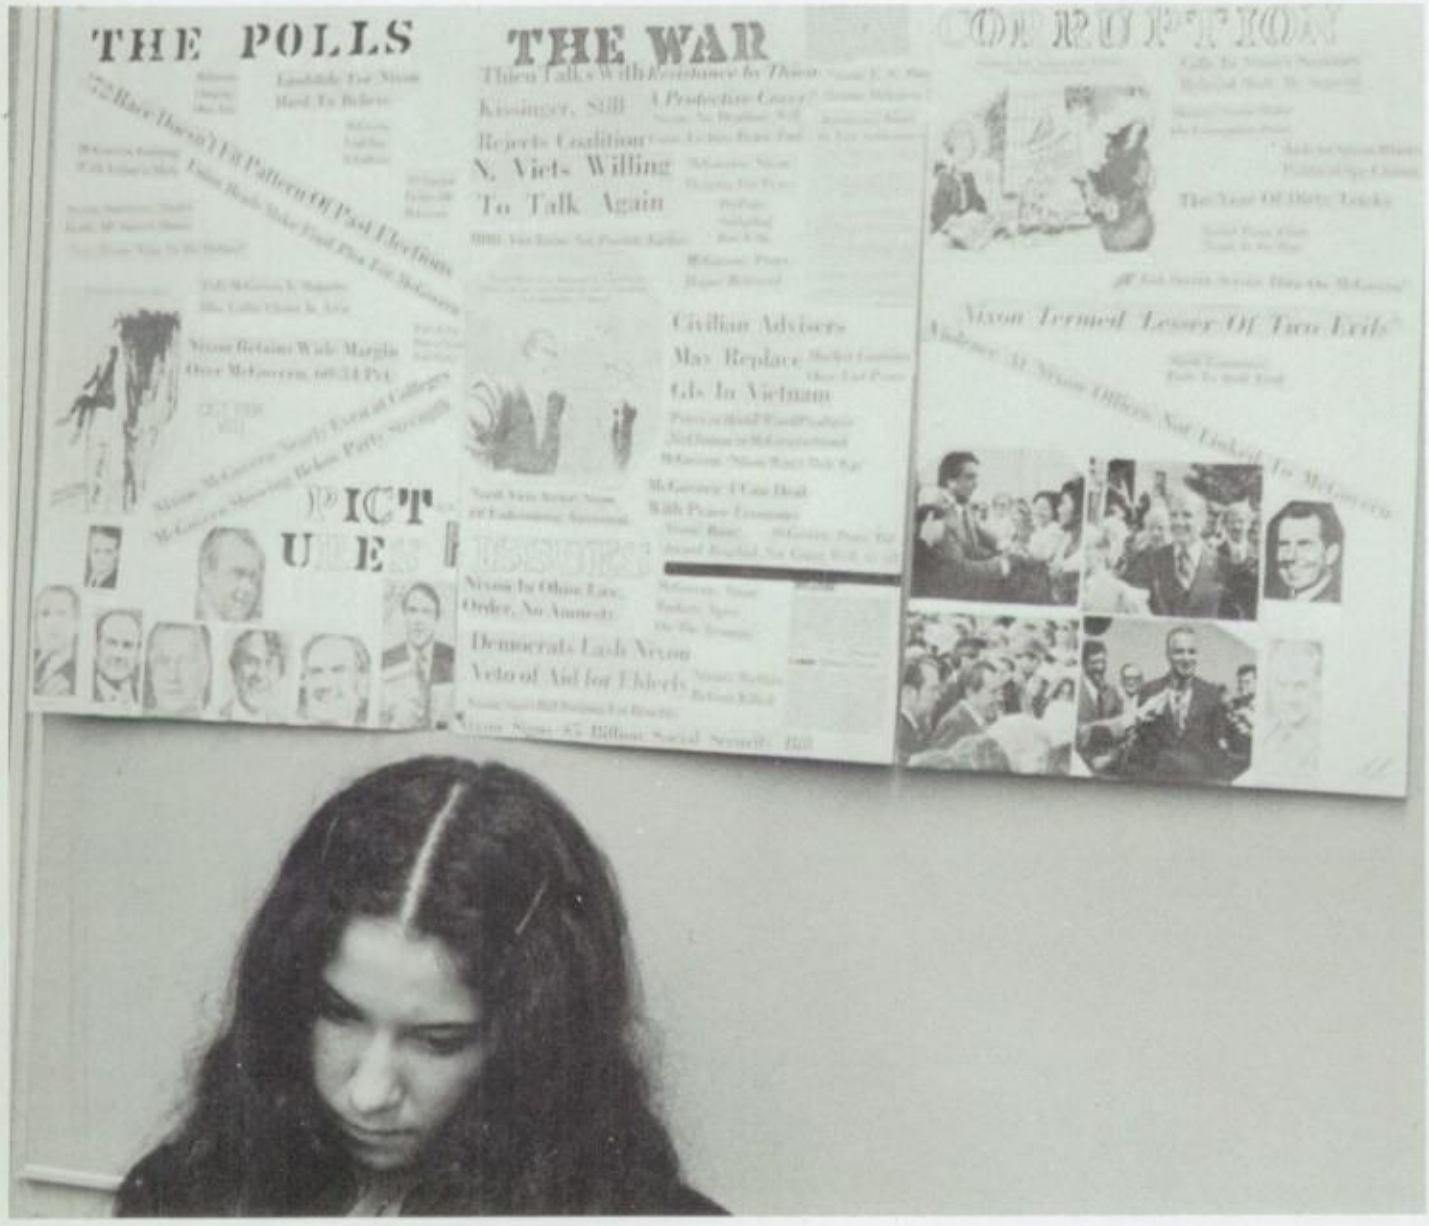


Four more years.

Knowledge of Past And Present Brings Tomorrow's Wisdom

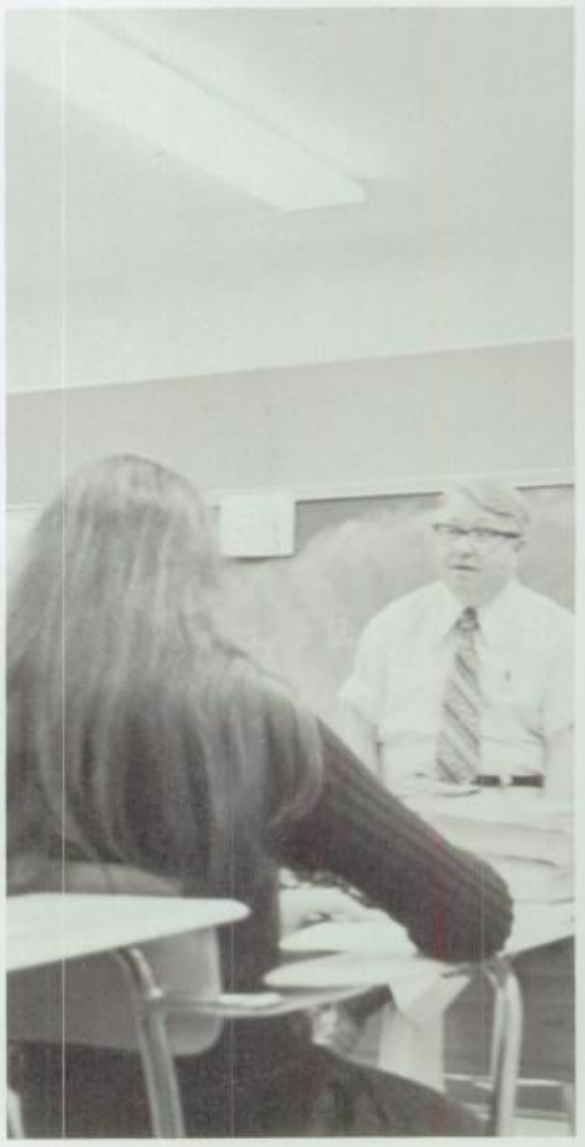
Social Studies majors are encouraged to begin their study with a course entitled, An Introduction to the Social Studies.

Beyond this point, World History, Sociology, and Psychology are electives open to students. One of the instructional job targets is to present a variety of approaches to the subject matter. The department is well equipped with audio-visual materials. Students are encouraged to express their ideas freely.



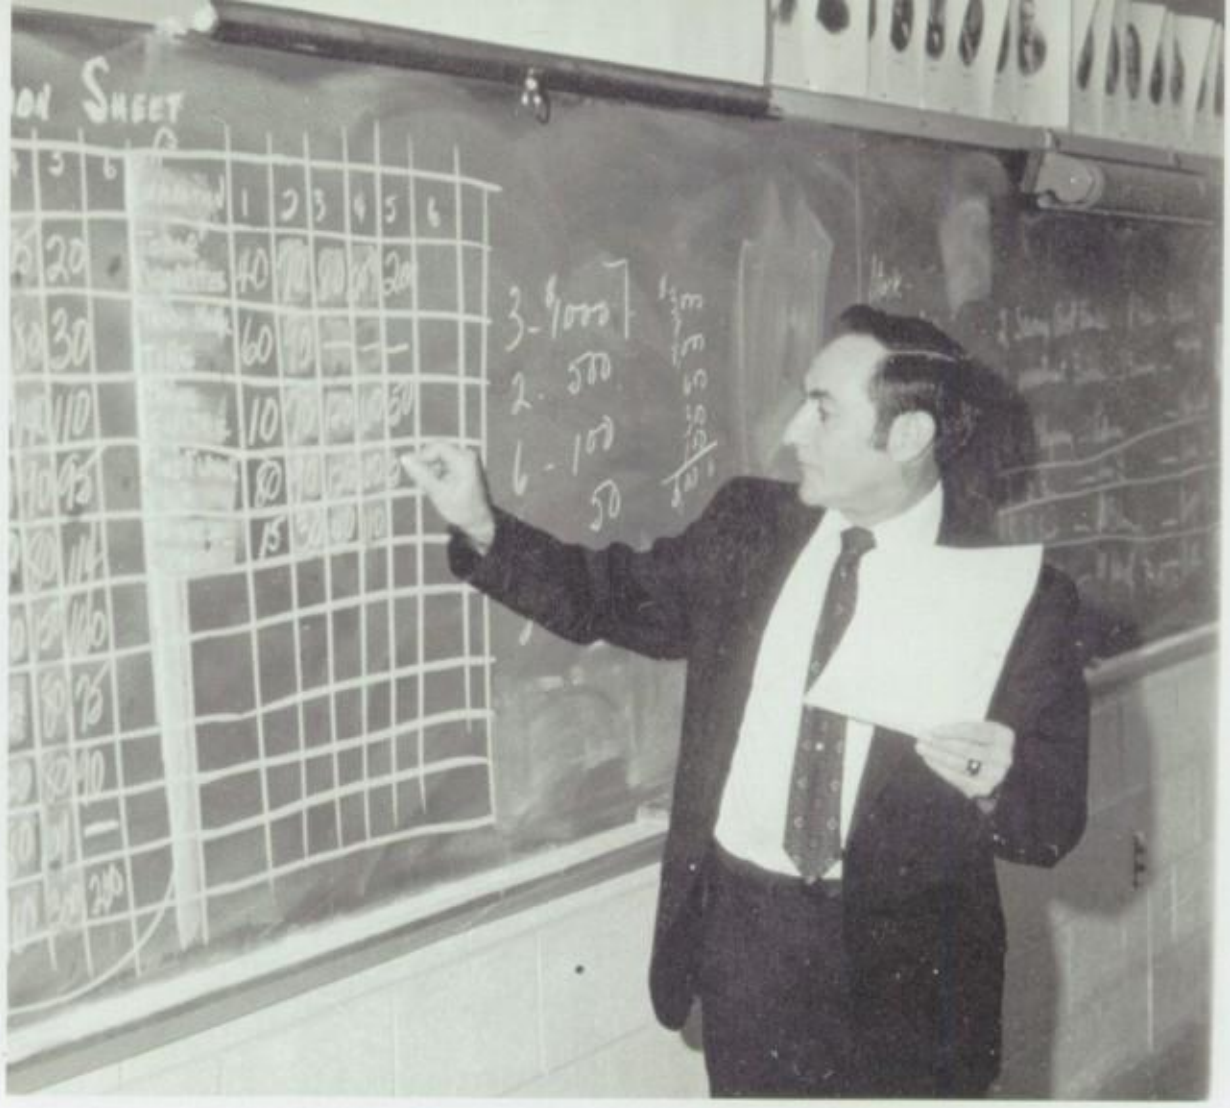
THE POLLS
THE WAR
Kissinger, Still Rejects Coalition
N. Viets Willing To Talk Again
Civilian Advisers May Replace GIs In Vietnam
Nixon Termed Lesser Of Two Evils
Democrats Lash Nixon Veto of Aid for Elderly

Tell it how it is.

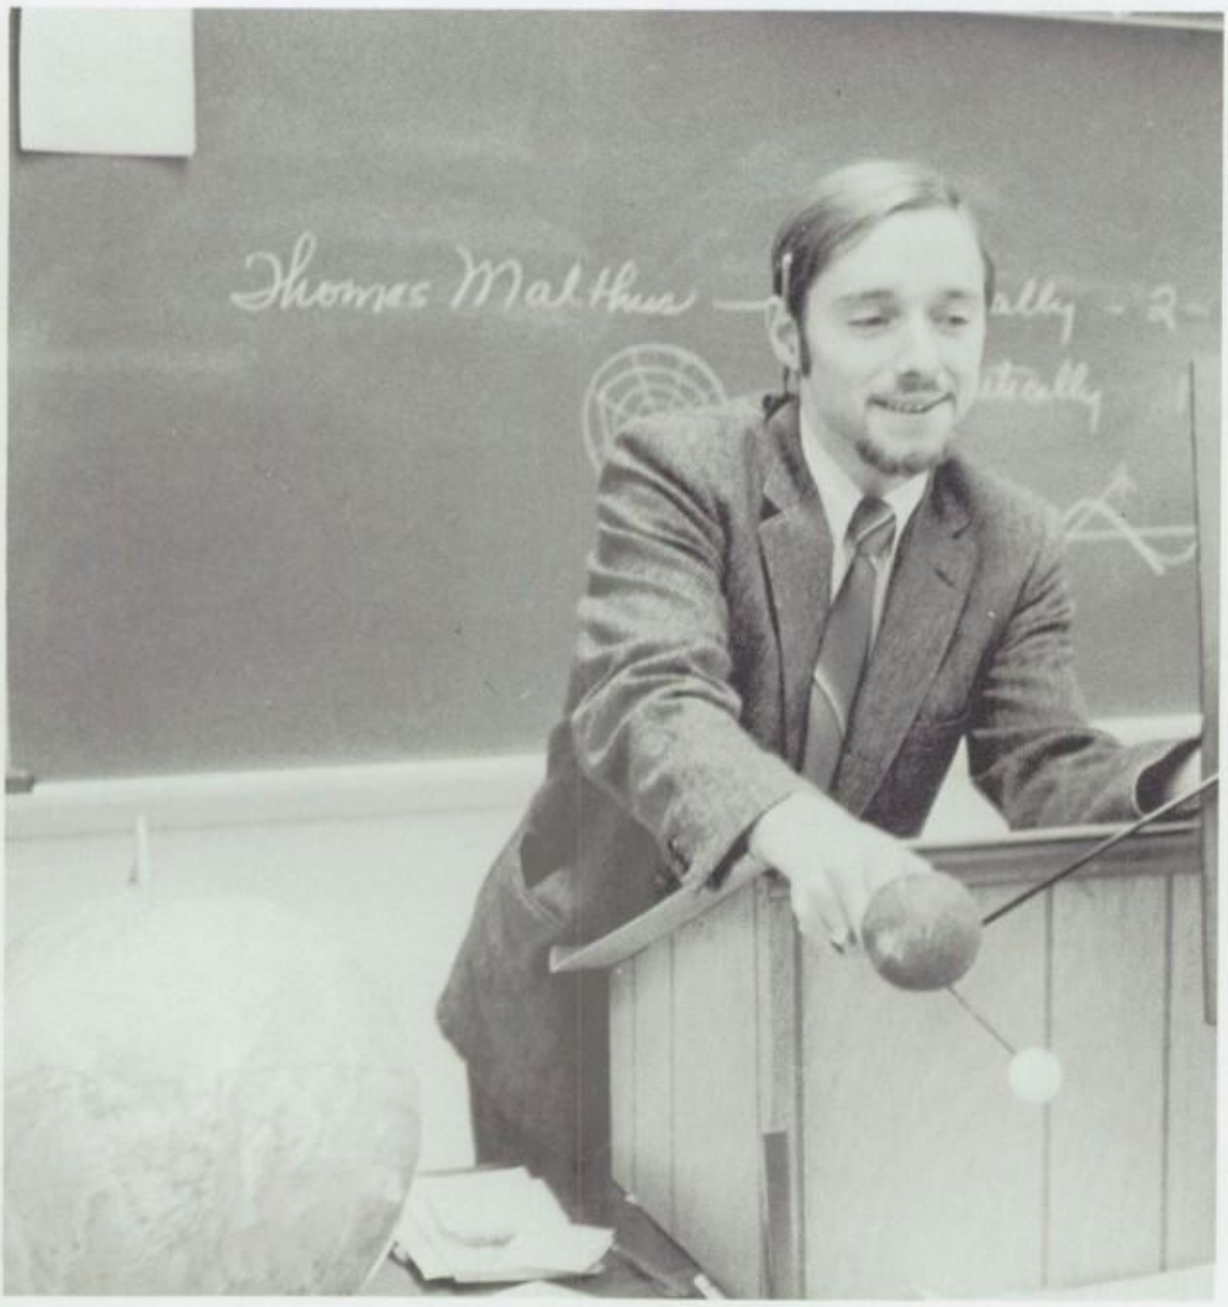


Mr. Resh lectures to Government class.

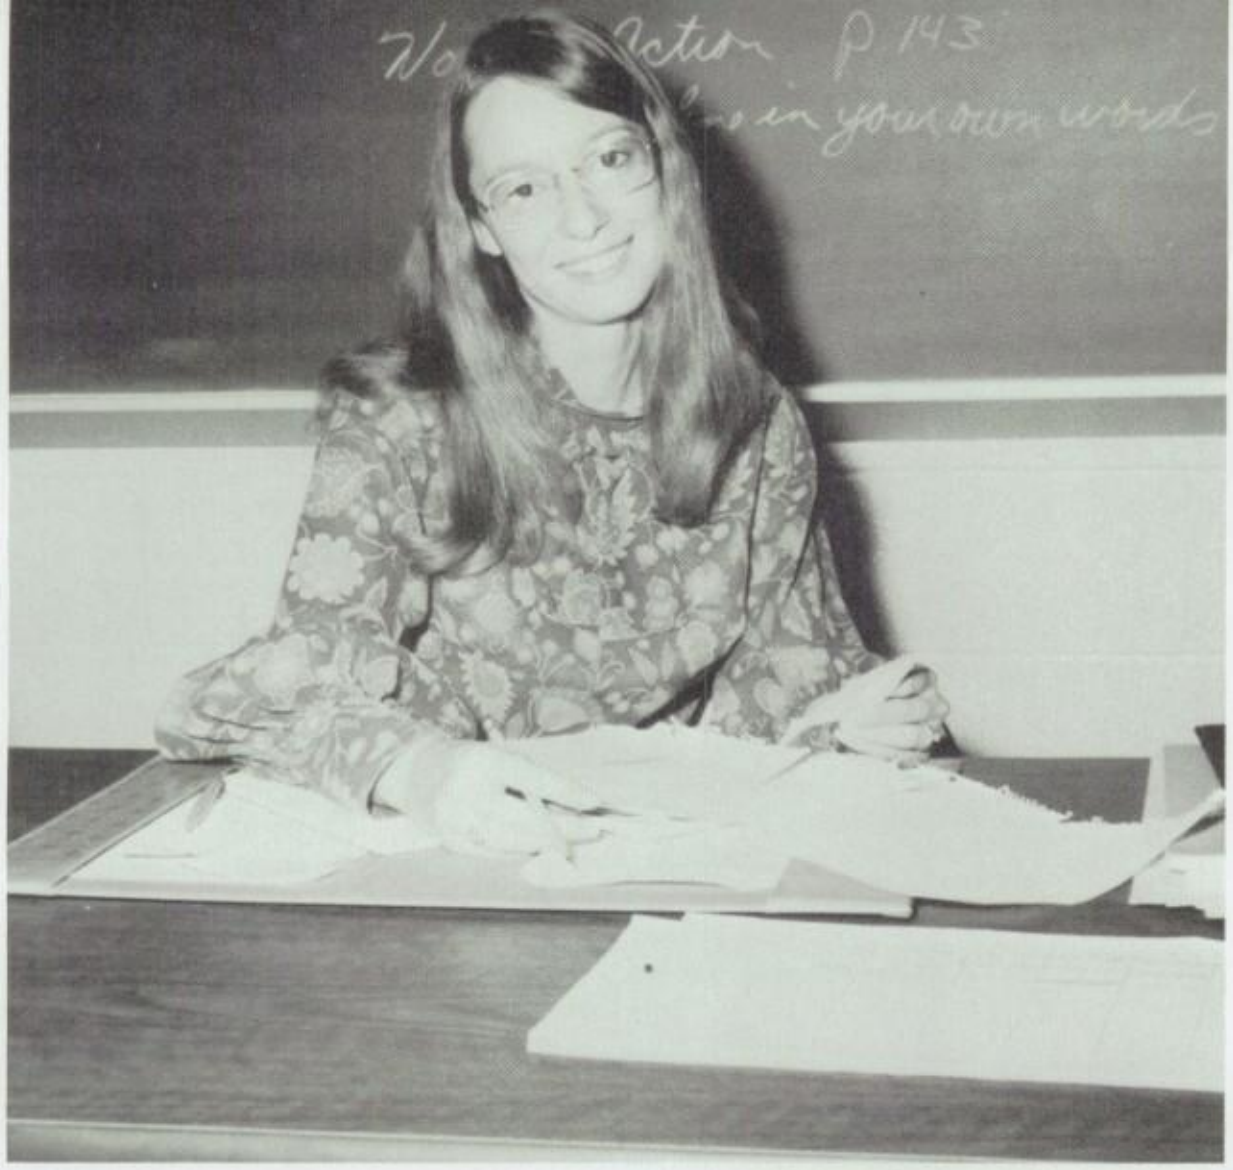
Mr. Cochran develops a point for W. History class.



Mr. Romeo lists final quotations in stock market simulation.



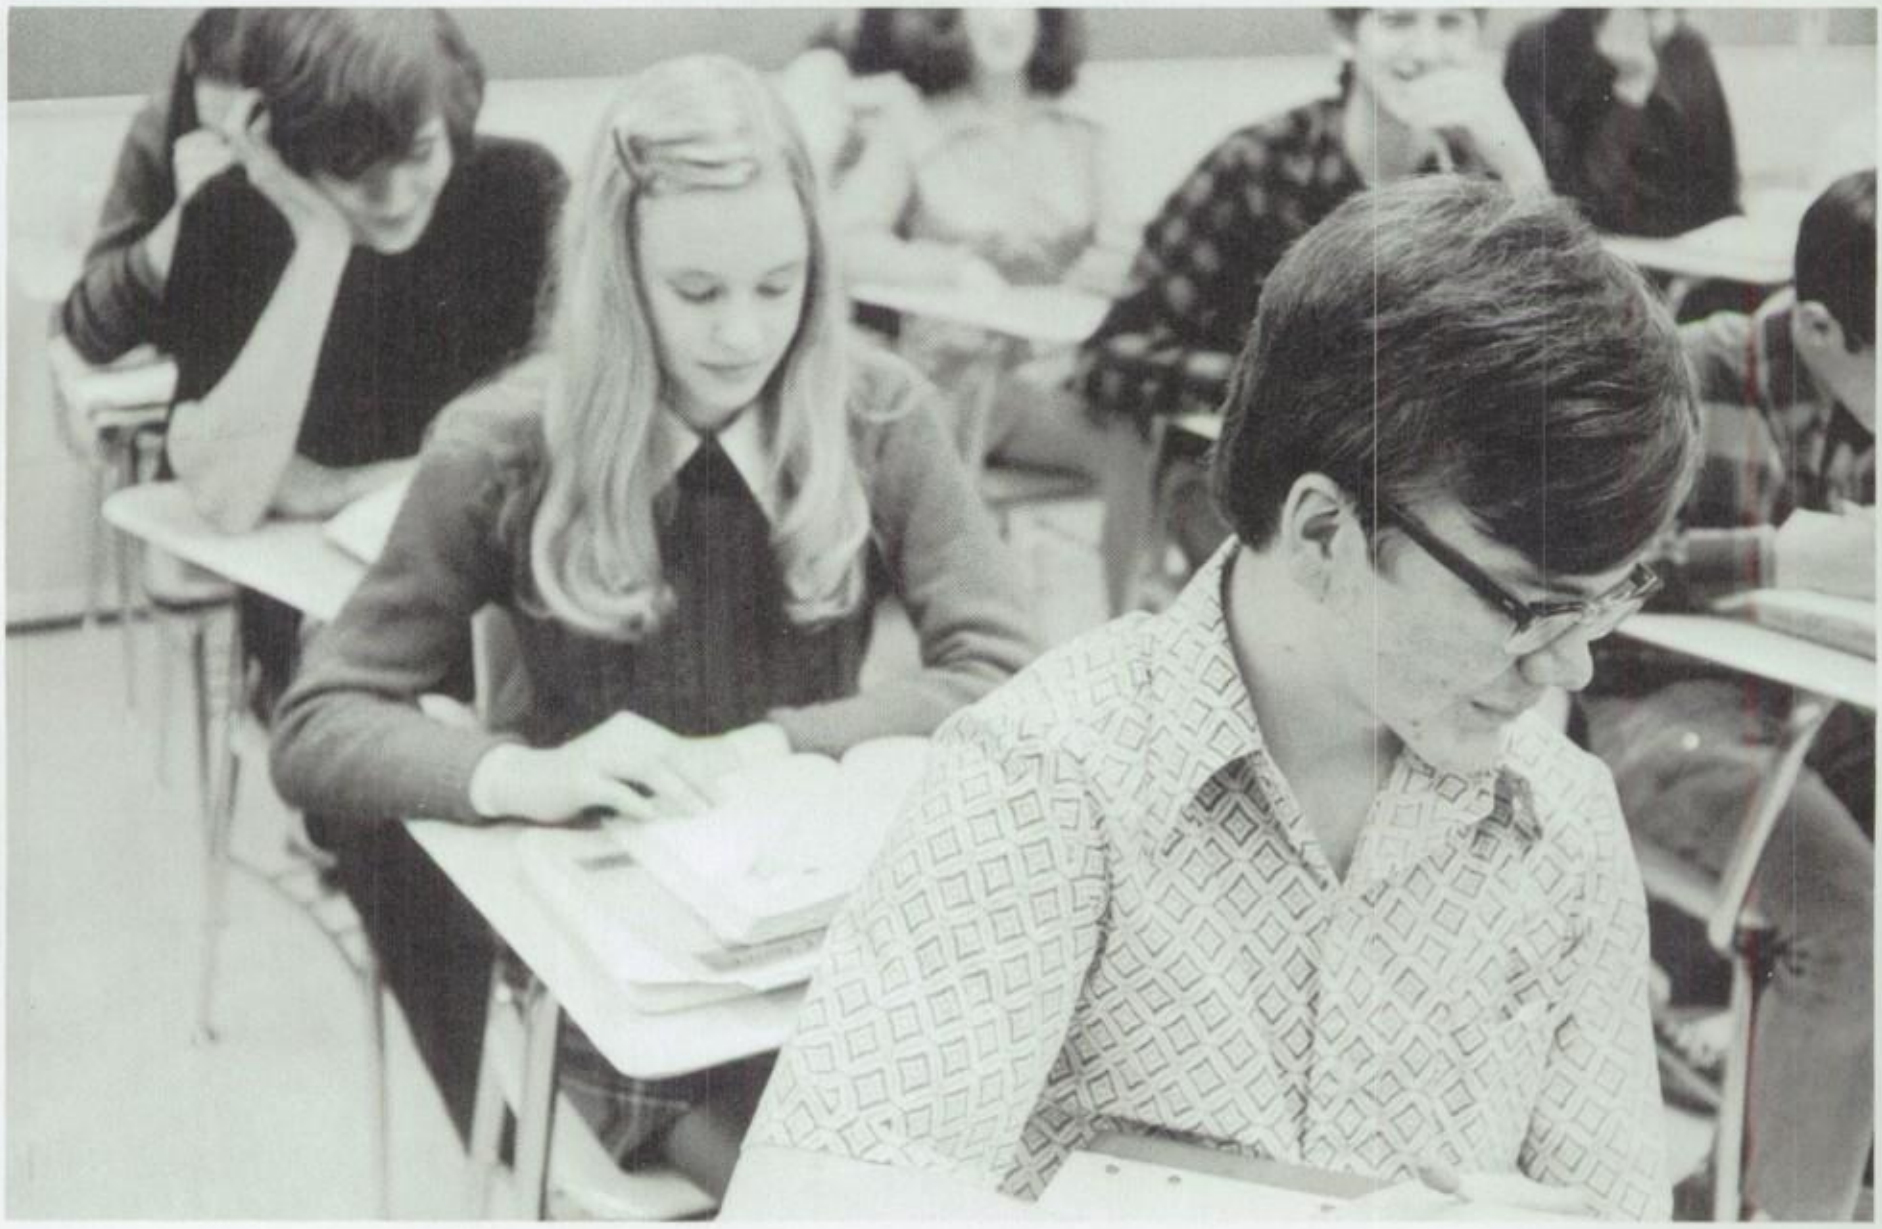
Mr. Baxter and the Universe.



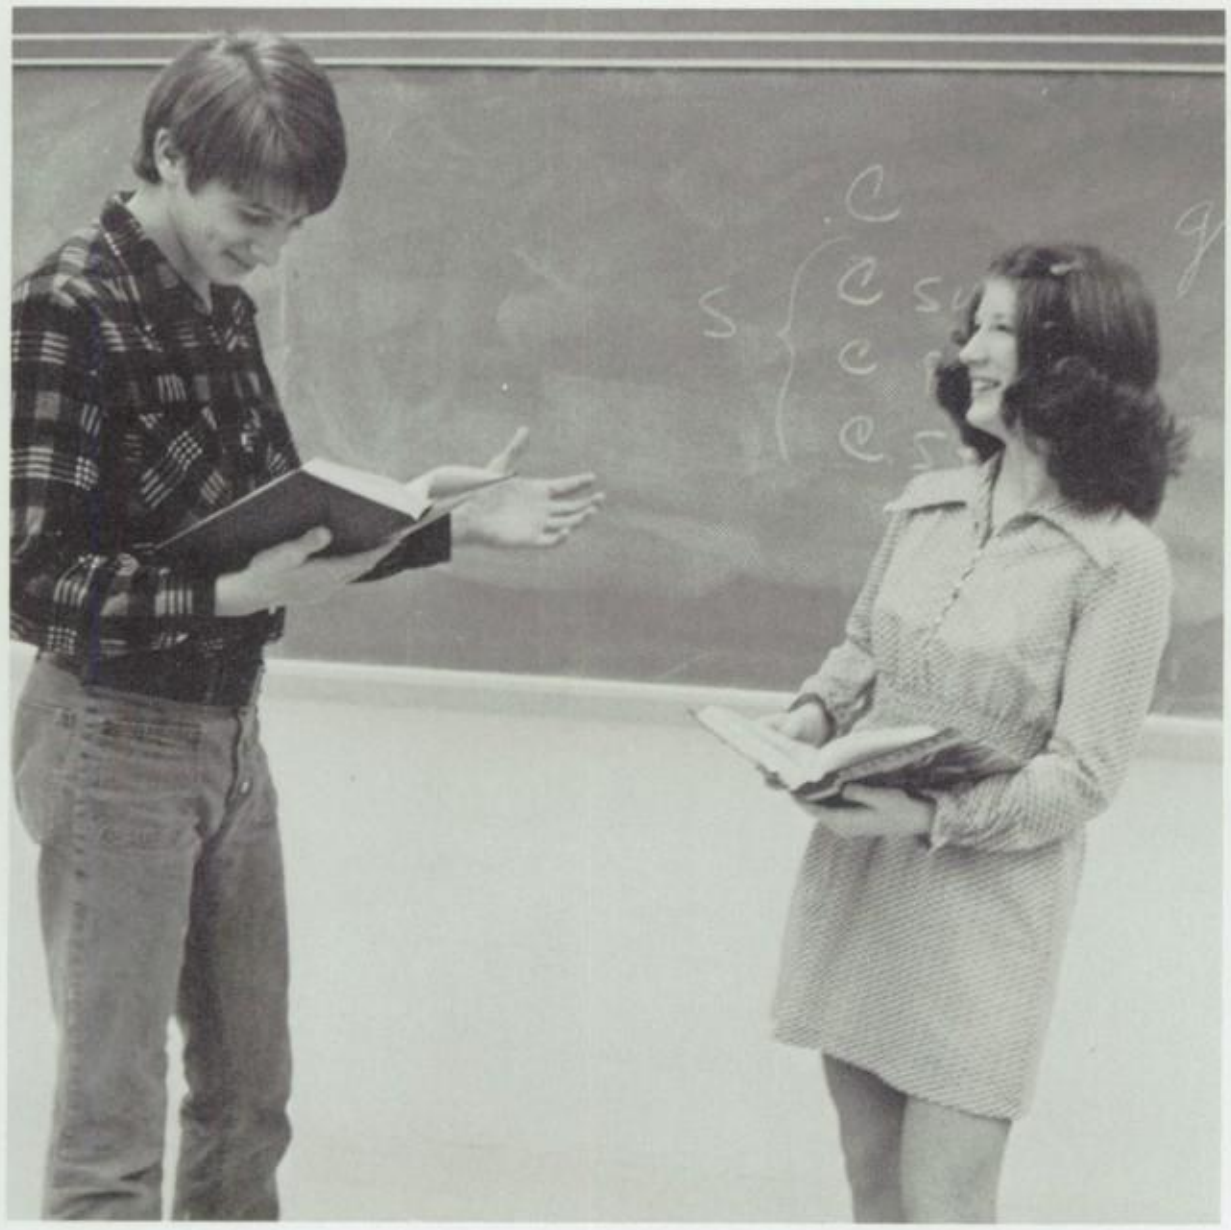
Mrs. Largent.

English Classes Work On Comprehension And Communication

Lake's English department attempts to incorporate proper grammar into the student's everyday language. The dedicated teachers encourage the students to utilize their imaginations and creative abilities in writing themes and compositions. An appreciation of literature and poetry offers an additional challenge. Research is also very important, and the development of skill in this area is also stressed.



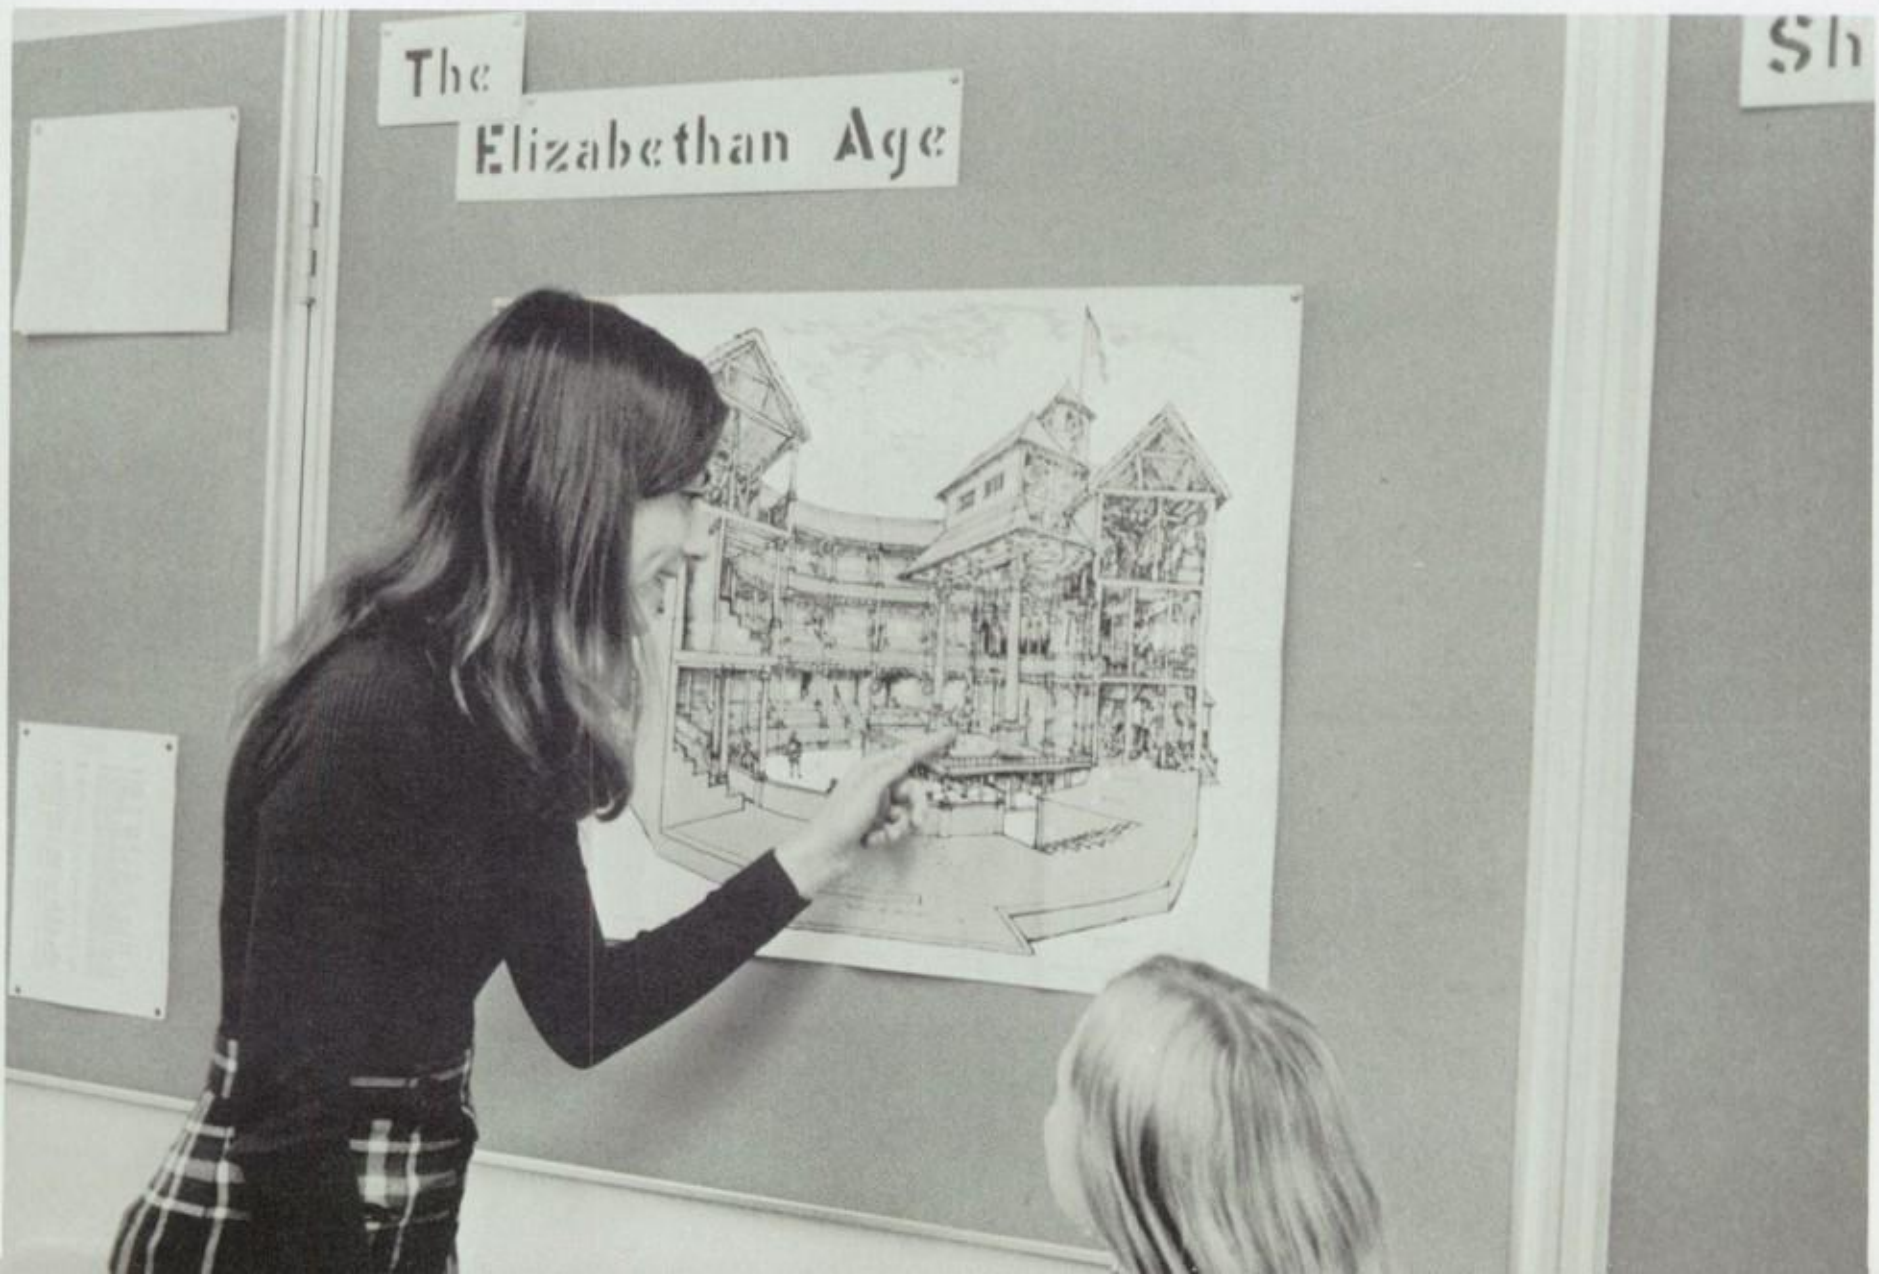
Studying hard?



Julius Caesar calms Portia's fears.

Mr. Hoffman catches up on drama.

And this was the Globe Theatre.



Mrs. Schiffbauer answers a hard question.

Now if A is greater than B . . .

Concerned Teachers Guide Math Students Through Proofs and Calculations

Lake offers a great variety of mathematics courses. Ten different subjects are available to the students. Math courses are available for all needs, including suffcient math for everyday living, basic high school math courses, and advanced preparation for college.

Through working with individual students when they are having difficulty with a specific concept or skill and also through setting up whole classes on the basis of individualization, each student is encouraged to use his full potential. By the use of space spiders, straw polyhedra, and such, students are encouraged to see the beauty of mathematics.

In addition to actual calculations, math students are taught how to use various mathematical instruments as aids in solving problems. Students are also taught about such subjects as limits, matrixes, and probality. Logic and the ability to prove various concepts are also important aspects of math.

Trig and Mrs. Farnsworth.

Rick tells about conic sections.

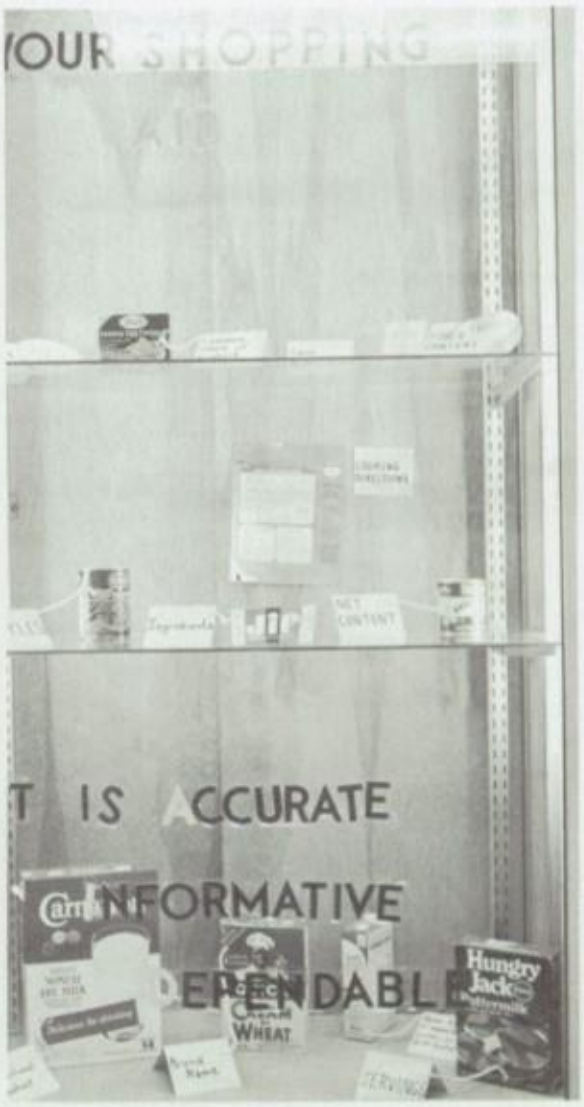
Busy hands.

Mrs. Hammel teaches the Future Homemakers.

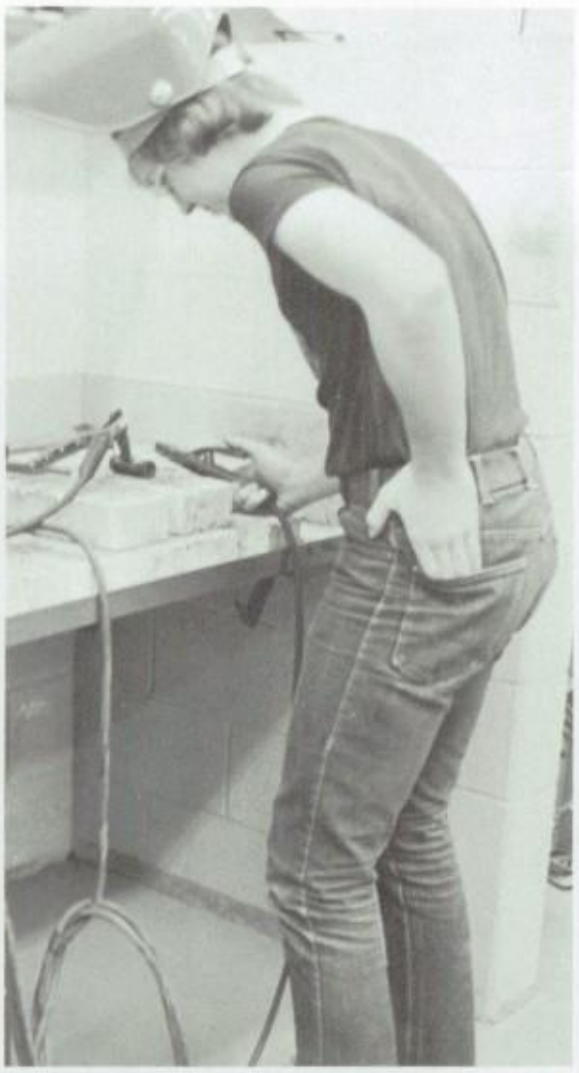
Home Ec. Students Learn Sewing, Cooking and Family Living

The Home Economics department assumes the responsibility of preparing students for the most important occupation — that of a homemaker. The teachers stress to both boys and girls the fact that the family is the most important unit in the world. A strong family leads to a strong community, which in turn contributes to the growth of a strong nation and world. Sewing, cooking, and family living give the student the well-rounded knowledge which is necessary for a successful life.

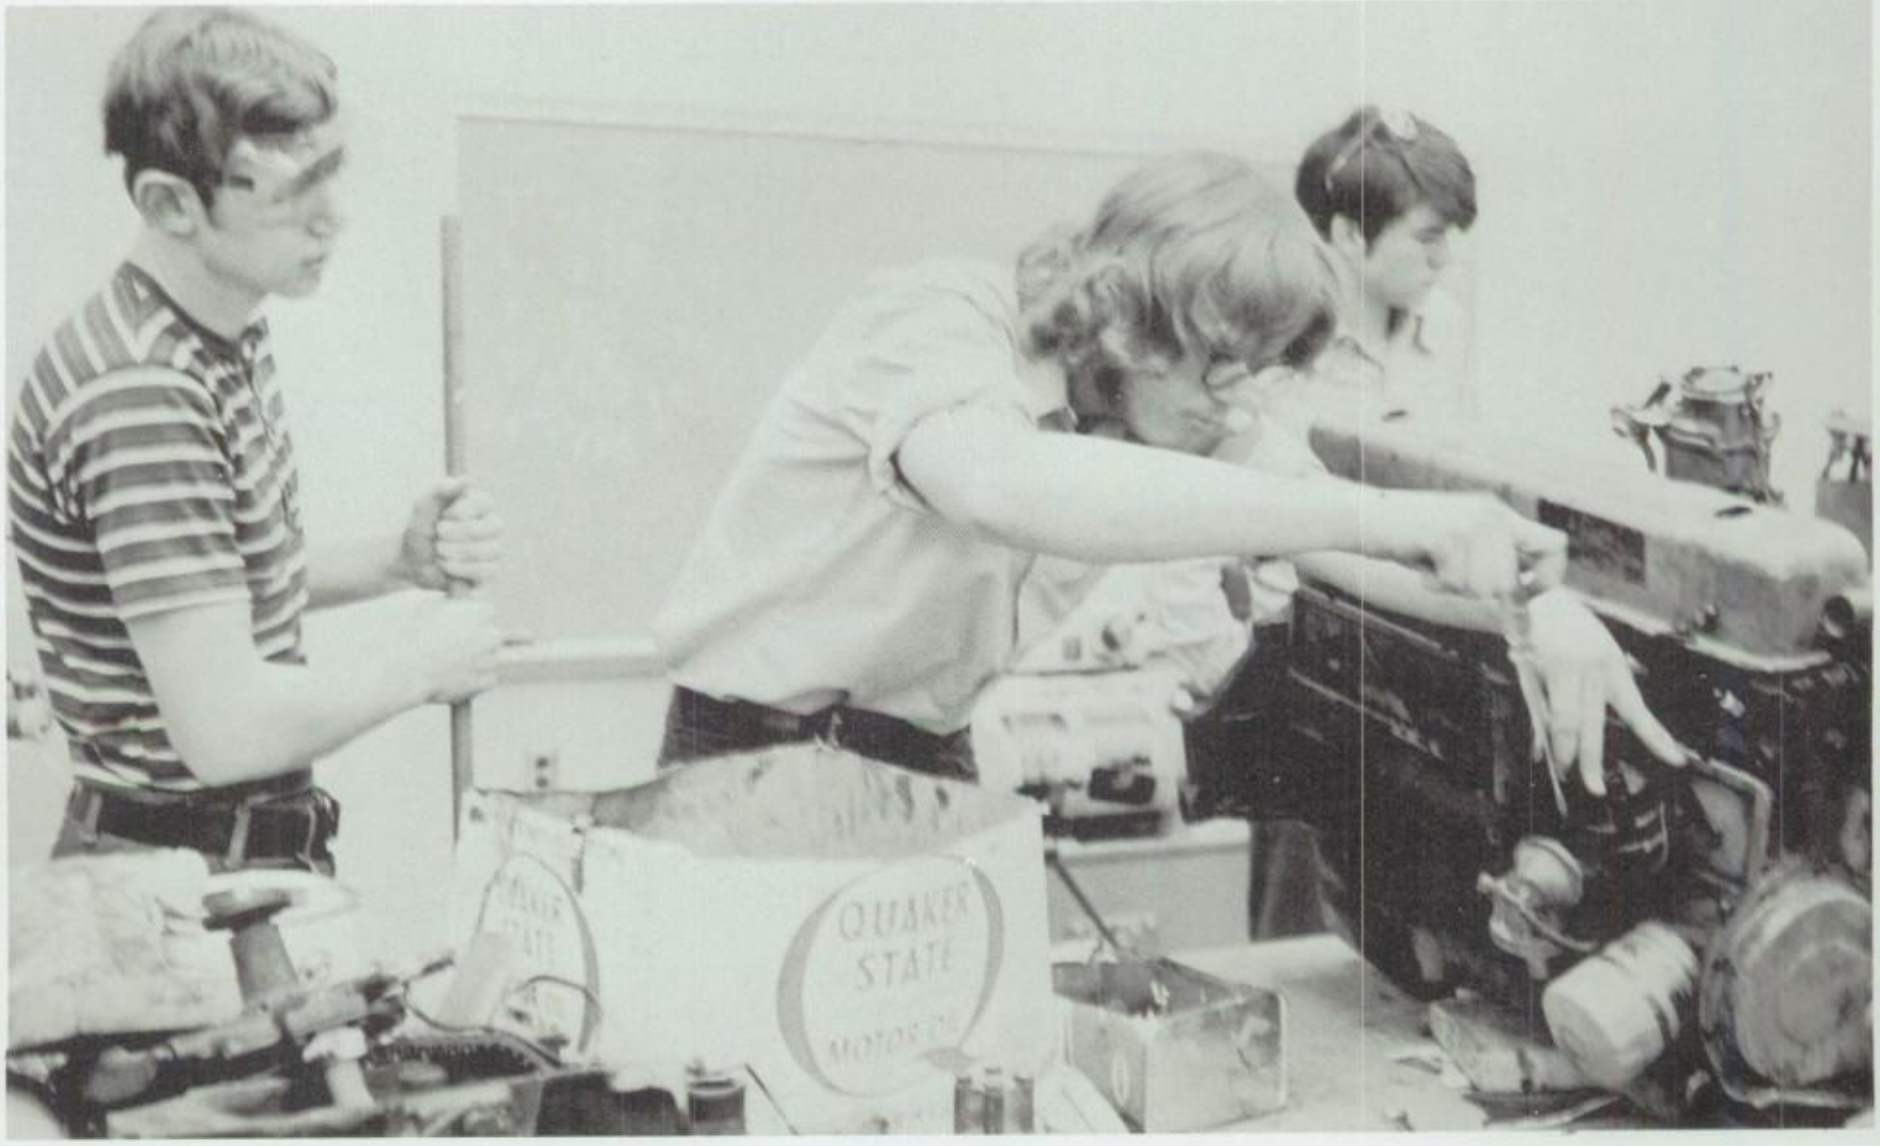
Miss Cochran hopes it tastes good.



An interesting project.



Mr. Swope picks out print for Wayne.



A car in the making.

Graphic arts — a fascinating subject.

For Students in Industrial Arts — It's Planning, Designing, and Building

Industrial arts is the nearest thing to vocational education at Lake High School. Because of its expanded program this year, the department was able to offer three industrial courses at the same time. Students had an opportunity to take classes such as graphic arts, drawing, or power and transportation. They became skilled working with wood, metal, plastics, ceramics, leather, or electricity.

Since about 70% of the boys, or about 40% of all graduates, will be working in industry, the department tries to cover as many of the industrial facets of today's world as possible. It is hoped that semester courses may be offered next year to enable the students to participate in as many of the different industrial programs as possible.

Mr. Sampson adjusts the planer.

An artist in the making.

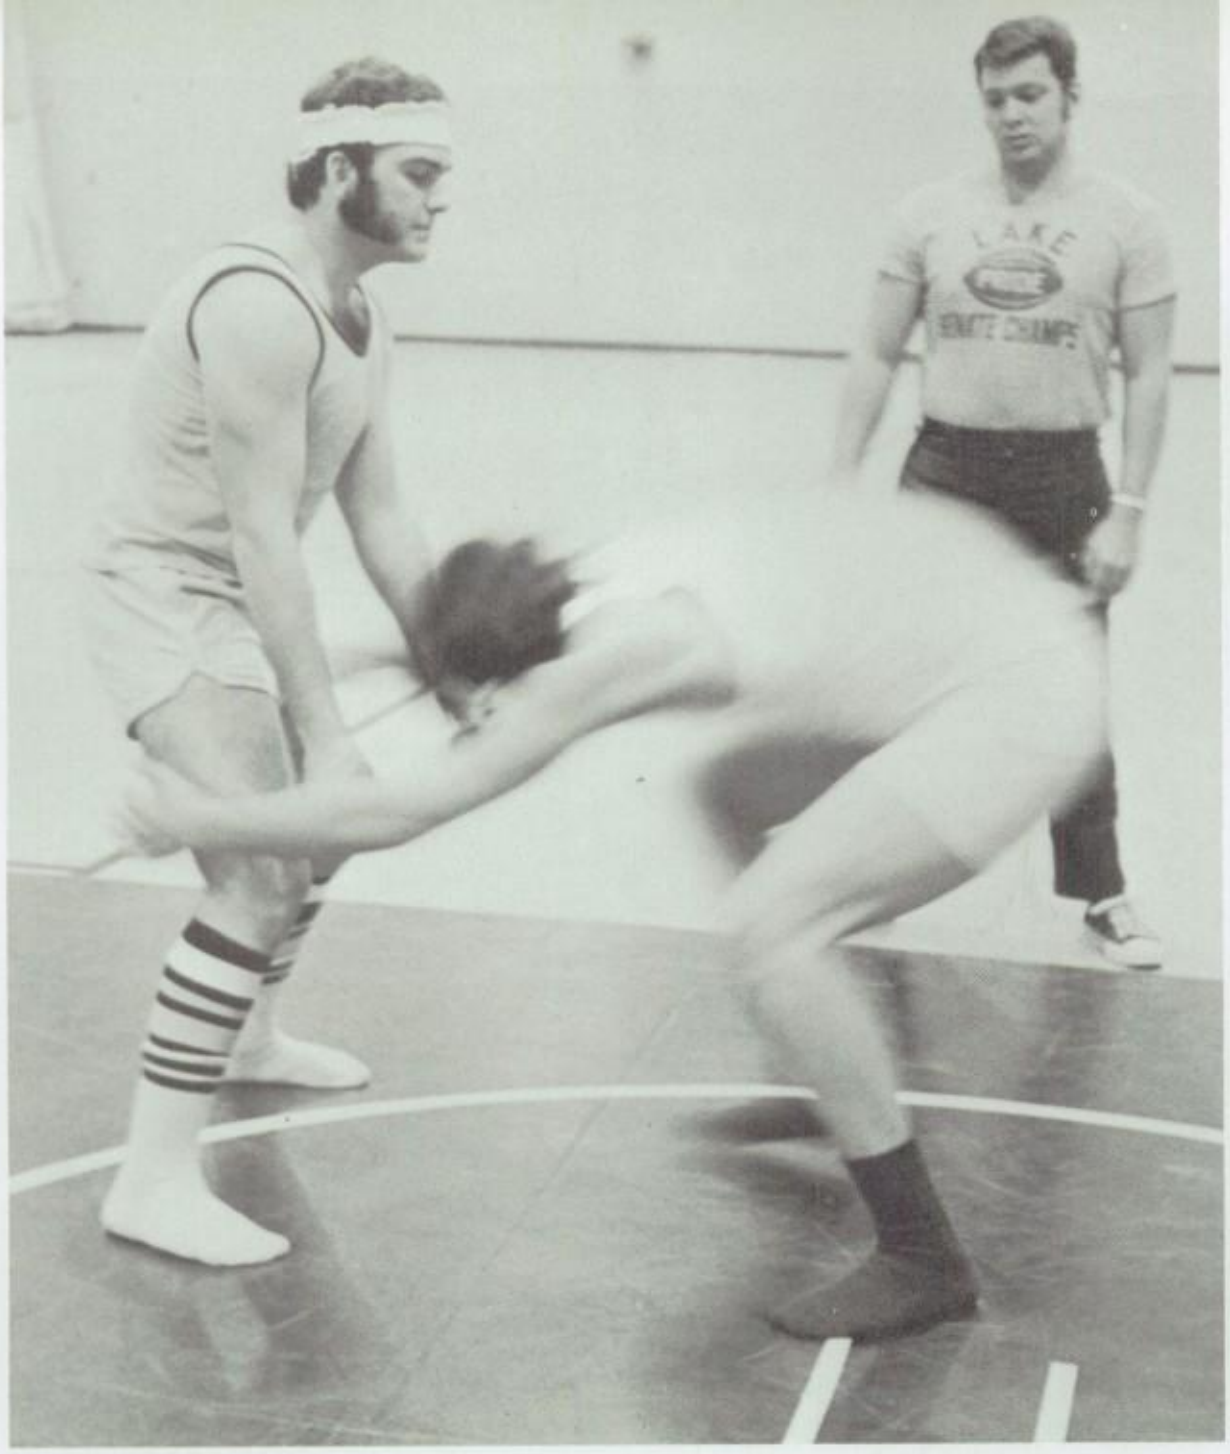
Kandace Klabuhn
Pam Stanley

Art Classes Provide the Setting for the Expression of Creative Talent

Three levels of art courses are presently offered at Lake. In addition to learning to appreciate art by actually creating projects, students are taught important concepts from a textbook. Projects may be made from materials such as clay or plastic. Painting, drawing, wire sculpturing, composition and design are only a few of the additional methods through which artistic ability may be expressed. Talented students may then progress to such challenges as wood block printing, metal enameling, or working with ceramics or the potter's wheel. An attempt is made to keep the classes at a relatively small size so that more individual attention may be given.

Don Nisly concentrates on art project.

A rug for homework?



HPE Students Get

Mr. Rummins

A Realistic Mixture of Work and Play

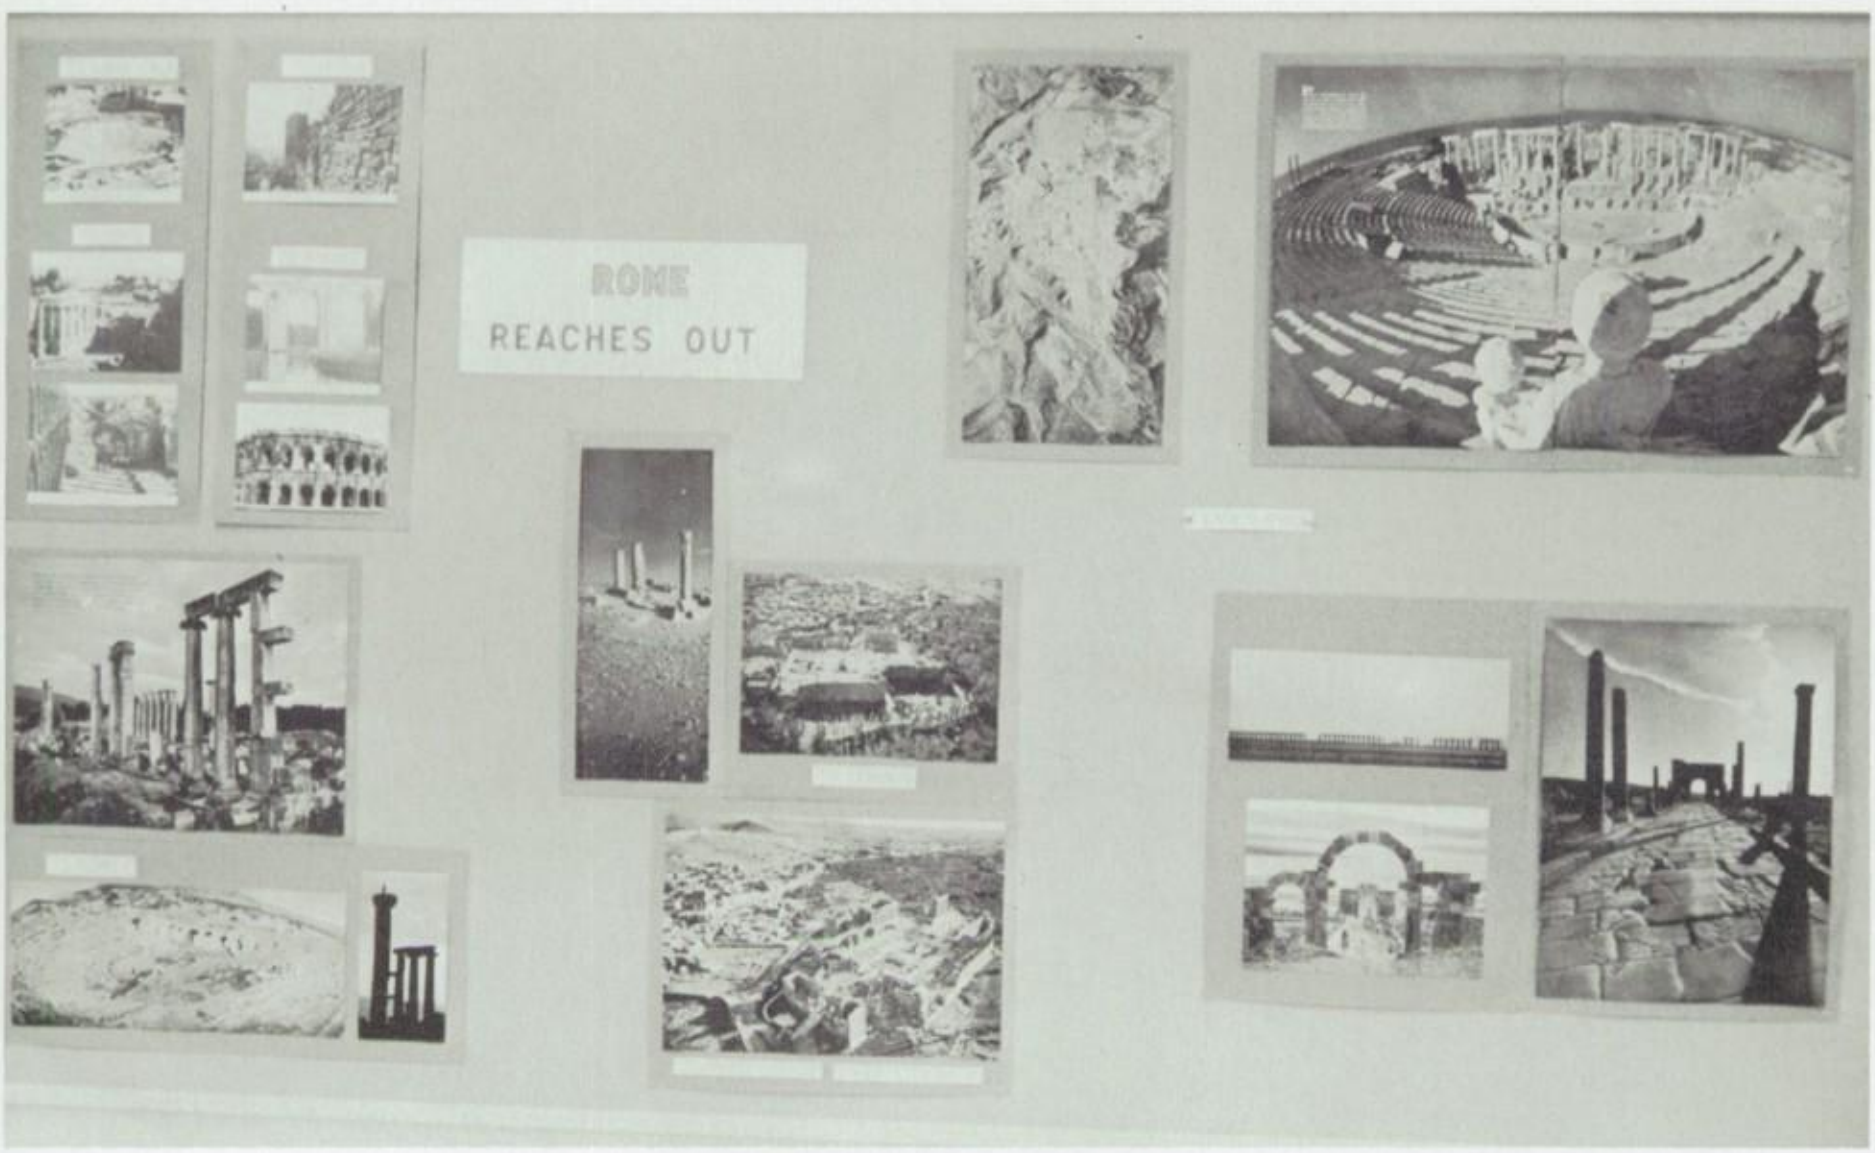
Health offers students an opportunity to learn about the human body and its care without taking a major science course. Students learned how to treat compound fractures, shock victims and transportation of injured victims along with many other things everyone should know in the event that they must give emergency first aid. Physical Education teaches new skills such as volley ball, basketball, and bowling. Body coordination is also learned in gymnastics.

The breaking of the piñata.

Language Students Conjugate, Translate, And Develop Conversation Skills

The language department is comprised of French, Latin, and Spanish. In Latin, translating is stressed rather than the ability to speak the language. In French and Spanish the present-day application of the language is of primary importance. Filmstrips, reference material, and actually speaking the language aid the students in relating the study to their own lives.

Mama mia — a course in foreign food!



As we say in Roma — "SOC ET TUEM"

Mrs. Fox brings Latin to life.

Miss Stephenson talks to a future secretary.

IOE Classes Simulate on the Job Conditions

The business department offers a great opportunity to graduate from Lake High School with a job skill. For the college-bound or service-bound student, a year of introductory business plus a skill course, such as typing, can give you the background needed to get a part-time job. If business is the career you choose, Intensive Office Education may be for you. More than half of the first graduating class of IOE stepped right into an office job. It is hoped that additional courses such as budgeting and taxes, job applications and personnel interviewing, and data processing may be offered soon.

OWA Students Talk About Success in the World of Work

The O.W.A. program provides instruction to students who combine classroom learning with actual job training. It offers a great opportunity for employment through work experience at cooperative training establishments.

Under the direction of the teacher coordinator, the students take part in constructive group and individual projects. The classroom instruction utilizes materials that implement and reinforce knowledge necessary for their particular job.

Mr. Zona and O.W.A. class.

The school Christmas Concert.

Practice Essential for Sound Execution of Musical Talents

The fact that 40% of Lake students participate in one or more musical activities indicates the great interest in music. In choir an attempt is made to appreciate all the various types of choral music. Members soon learn that individual voices must blend together to produce the single desired harmony. The different ensembles, as well as the combined chorus, are often called upon to perform for various community groups. The marching, concert, and stage bands all gave exceptional performances this year. This occurred as a result of the extra effort made in hopes of presenting music of high caliber.

Mr. Bair — The man behind the band.

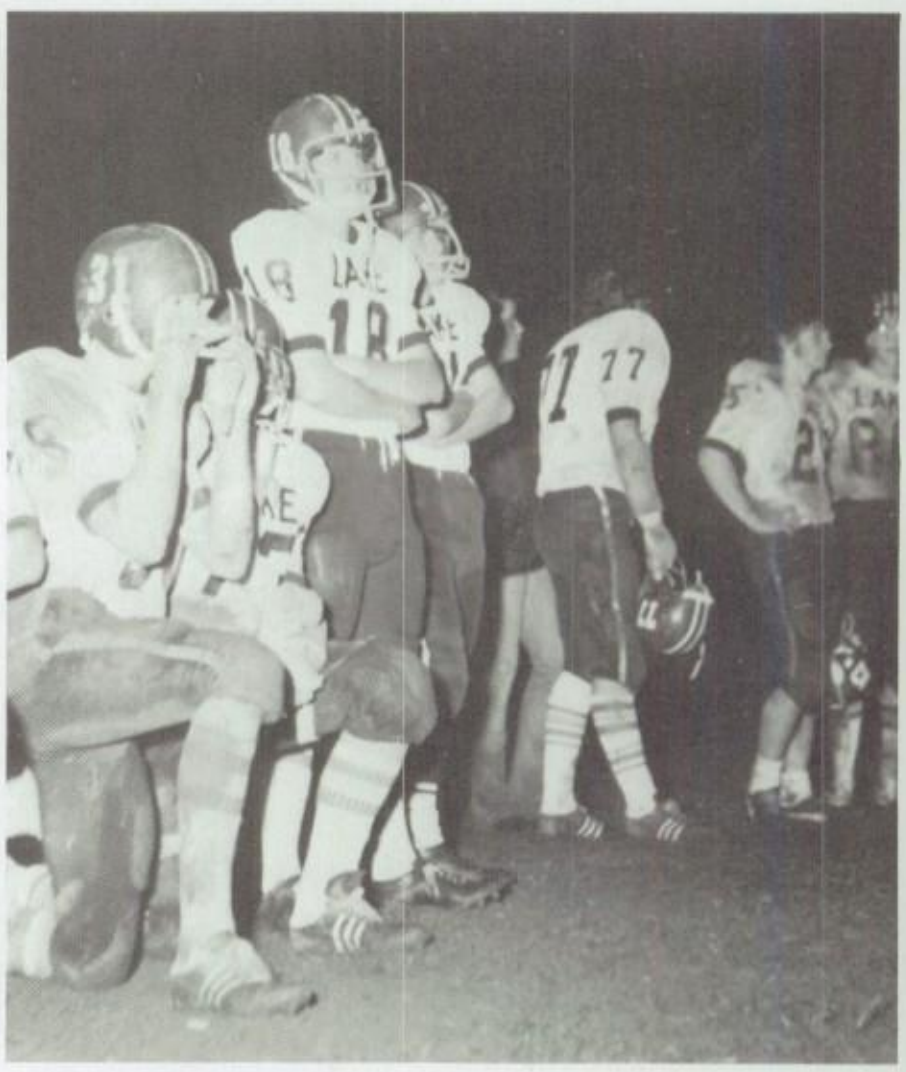
STUDENT LIFE

Homecoming 1972

"The Look of Love" turned into the look of disappointment as the Lake High Football Team went down in defeat to East Canton. But, from the bonfire to the game, and ending with the Homecoming dance, the mood of Lake High was one of spirit and excitement. Berni, the Queen of the Streaks, reigned over the school and the dance with her radiant smile.



Tammy Stevison, Freshman, Evonne Jolley, Sophomore, Queen Berni Walpole, Debbie Wolfe, Senior, Debby Heisler, Junior

The Directors

The Senior Class Presents "CAMELOT"

Lancelot and Guinevere meet in the Lusty Month of May

Hard work, dedication, and long hours made the Senior Class Play, "Camelot", one of the best theatrical productions that Lake High has ever seen.

In the cast were Dean Wilson as King Arthur, Jenny Carlisle as Guinevere, Steve Chapman as Sir Lancelot, Chip Plant as King Pellinore, Bruce Thomas as Merlyn, Rosie Fickes as Morgan Le Fey, and Kelvin Rogers as Mordred.

Directing this extravaganza were Mr. Supinski and Mr. Gavlinski, with Nancy Wittmann as student director. The costumers, stage crew, and orchestra also deserve a round of applause for their superb efforts. Meanwhile . . .

"Don't let it be forgot, that once there was a spot, for one brief shining moment that was known as CAMELOT."

Football 1972

Final seconds, ticking away on scoreboards, often determine a victor. A single point may write the obituary for a team in a game, but good seasons are put together by dedicated coaches and players and long hours of practice and drill. Behind the spectacular plays in these breathtaking moments are scores of bruises, hours of mental anguish, missed dates, and the fear that after all this, one may not get to play in the next game. During these sessions, some develop into individual stars, but in the end, it is the teamwork that symbolizes a true victory.

Sitting: Marc Steimel, Bill Graef, Russ Bolyard, Rick Simmers, Mike Perko, Denny Yoder, Jeff Bourn, Ken Boldt, Jeff Calhoun, Wayne Miller, Chip Plant, Ritchie Robbins, Al Wilson, Tim Feller, Steve Chapman, Bruce Thomas. *2nd Row:* Head Coach Tim Rummins, Coach Dave Crawford, Coach Dick Parker, Denny McDaniels, Dan Mihalik, Dennis Erb, Andy Pressler, Bob Hunter, Doug Cardwell, Doug King, Steve Pontius, Randy Coblentz, Brad Hickman, Managers — Brian Arndt, Bill Myers, Roger Wehr. *3rd Row:* Ed Lytle, Randy Thomas, Bob Henckle, Joe Perkovich, Joe Kaylor, Kraig Blaurock, Tom Ledgerwood, Matt Steimel, Tom Blackie, Mike Darrah, Tom Friedman, Rick Schlabach, John Sabo, Gary Spargrove, Ron Remazowski.

6	St. Vincent	42
	St. Mary's	

TRI-CAPTAINS — Wayne Miller, Ken Boldt, Jeff Calhoun.

The Streaks had their championship dreams fulfilled by becoming the top of the Senate League after a victory over Tuslaw, but all hopes of reigning as statewide king of their division were shattered at Tiger Stadium by Akron St. Vincent.

Assistant Coach Dave Crawford, Head Coach Tim Rummins, Assistant Coach Dick Parker

OFFENSE — End Jeff Bourn, Tackle Al Wilson, Halfback Denny Yoder, Guard Ken Boldt, Fullback Jeff Calhoun, Center Bob Henkle, Quarterback Mike Perko, Guard Chip Plant, Halfback Wayne Miller, Tackle Ritchie Robbins, End Tim Feller.

DEFENSE — Cornerback Denny Yoder, End Denny McDaniels, Safety Joe Kaylor, Tackle Russ Bolyard, Linebacker Chip Plant, Middle Guard Ken Boldt, Linebacker Jeff Calhoun, Tackle Ritchie Robbins, Safety Wayne Miller, End Al Wilson, Cornerback Doug Cardwell.

Behind the Champs

By any standard the team's performance was outstanding. Their success was the result of a combination of ability, desire, poise, and sound coaching. New this year to the team was Head Coach Tim Rummins, who proved himself to be capable of bringing out the very best in every player on the squad. We salute this fine effort.

Kneeling: Denny Yoder, Wayne Miller, Jeff Calhoun, Ken Boldt, Mike Perko, Jeff Bourn, Bruce Thomas, Rick Simmers. *Standing:* Russ Bolyard, Steve Chapman, Chip Plant, Ritchie Robbins, Tim Feller, Al Wilson, Marc Steimel, Bill Graef.

Varsity Basketball

Even though the size of the team was small, the effort put forth by the players and Coach Maletich was very commendable. Their record may not have been impressive, but their spirit and teamwork made them Number One.

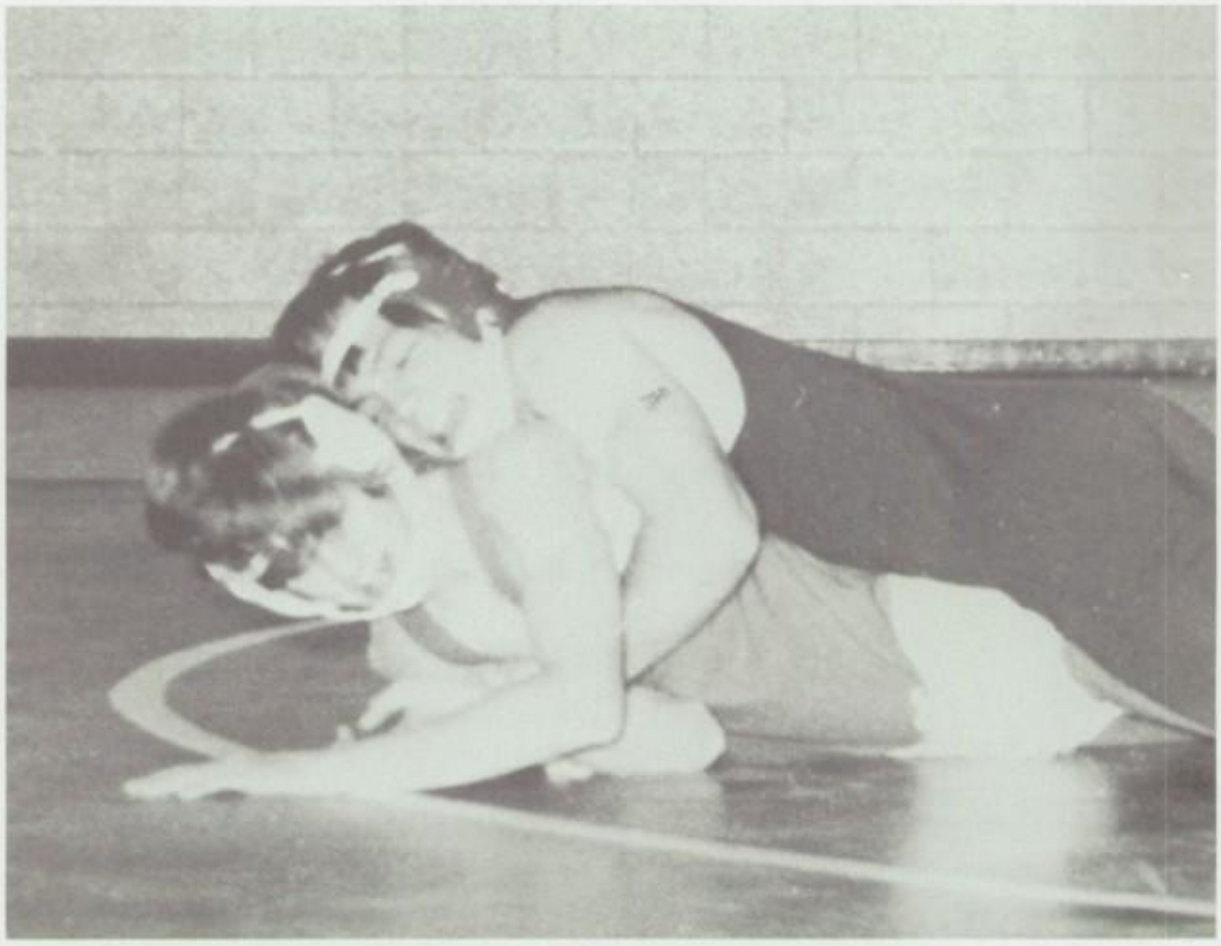
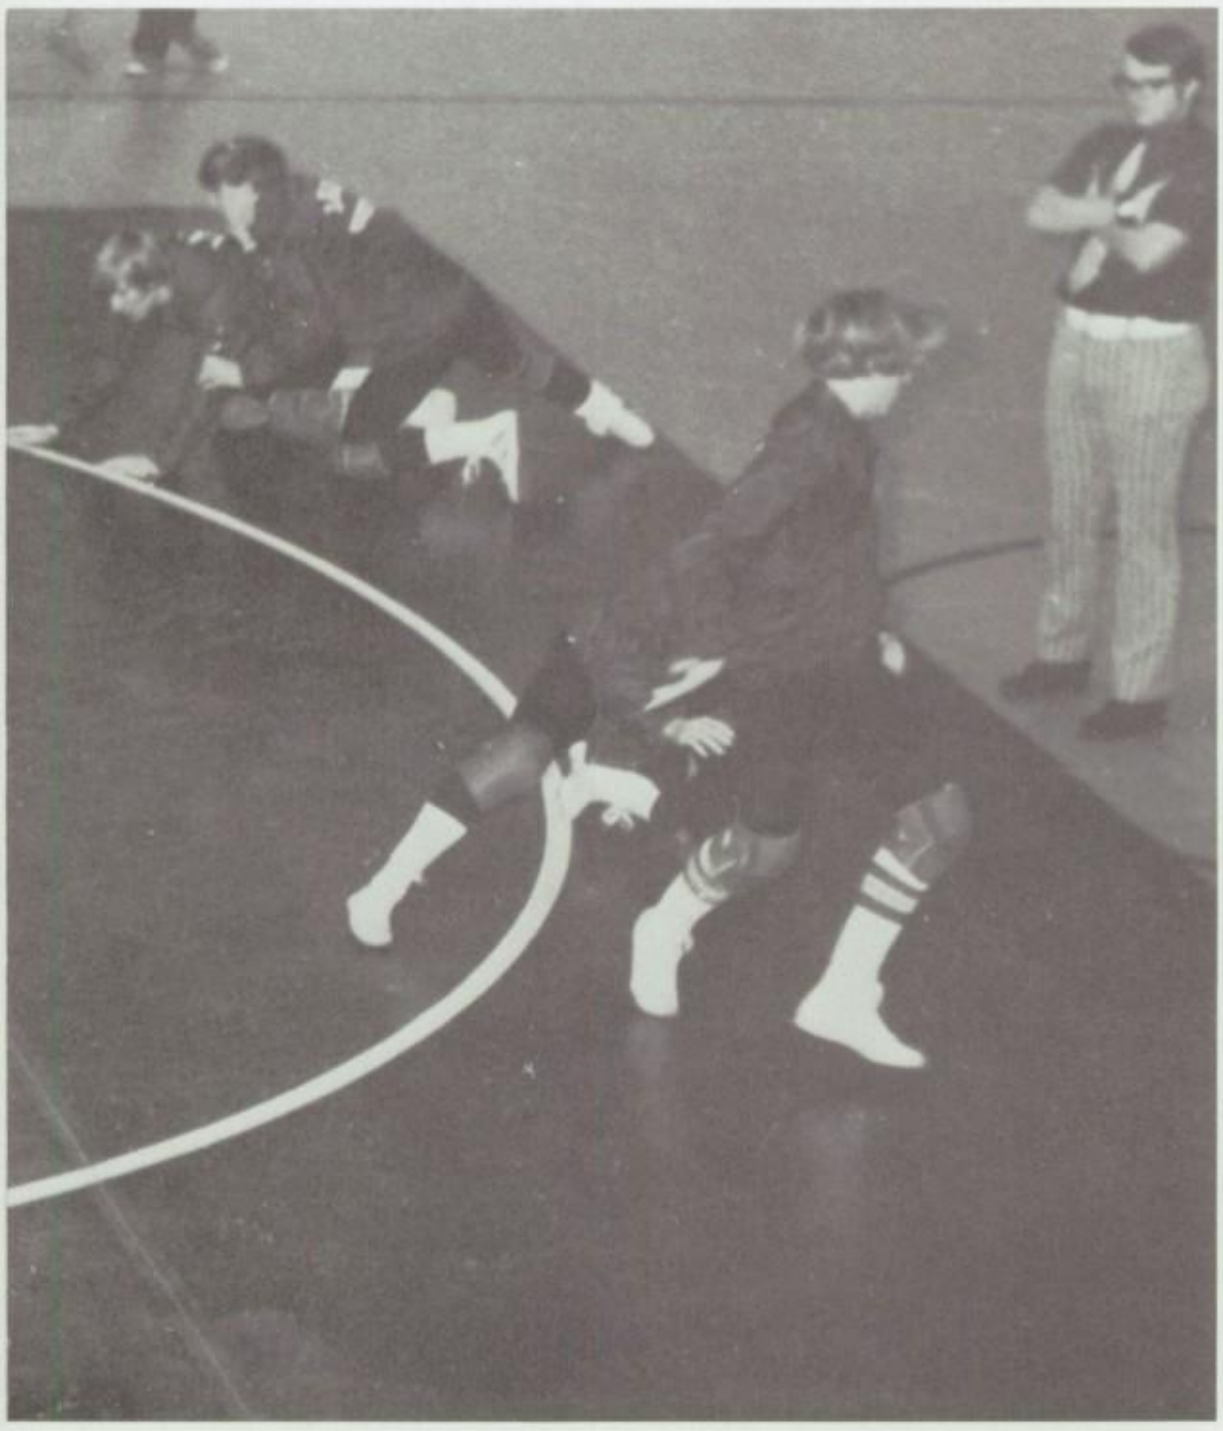
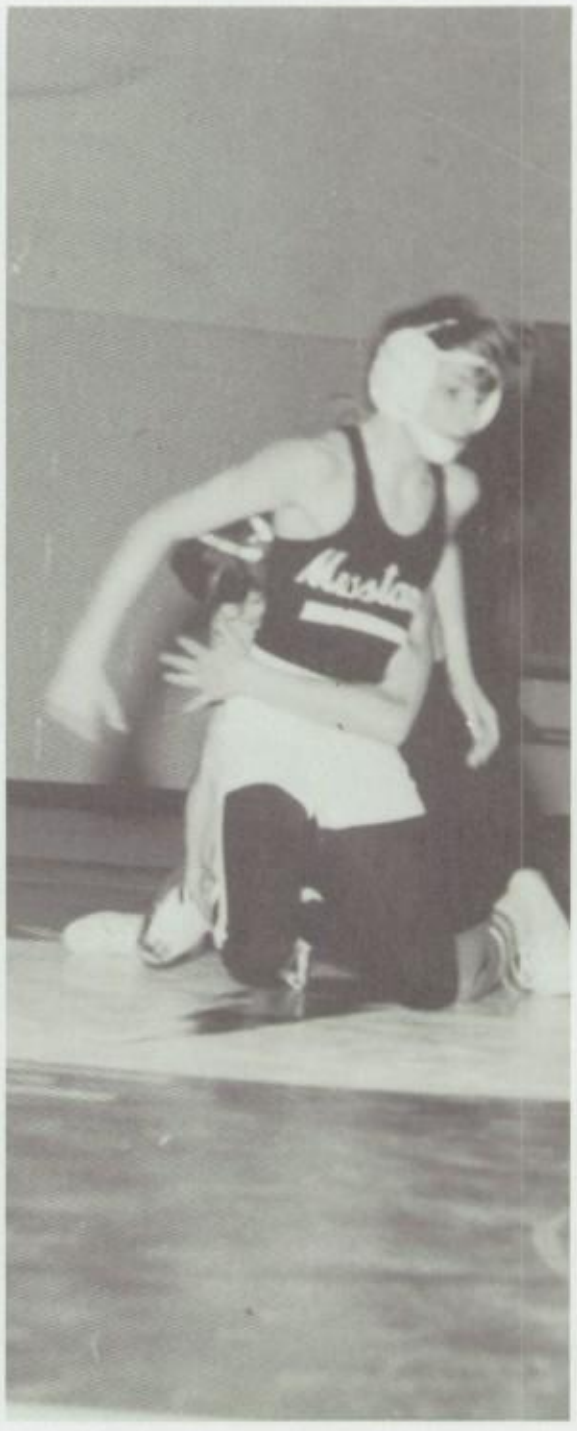
Wrestling Comes To Lake

Wrestling was officially and successfully started this year. Twenty-six Streaks were on the team, with three of them in the Senior class. Who can ever forget Kevin Meadows' eleven consecutive wins, or Jeff Mihalik's 15-second pin, or John Hazlip winning his way to the District. The team finished third in the Senate League and tenth in the Sectionals. This year may have been good, but wait till next year.



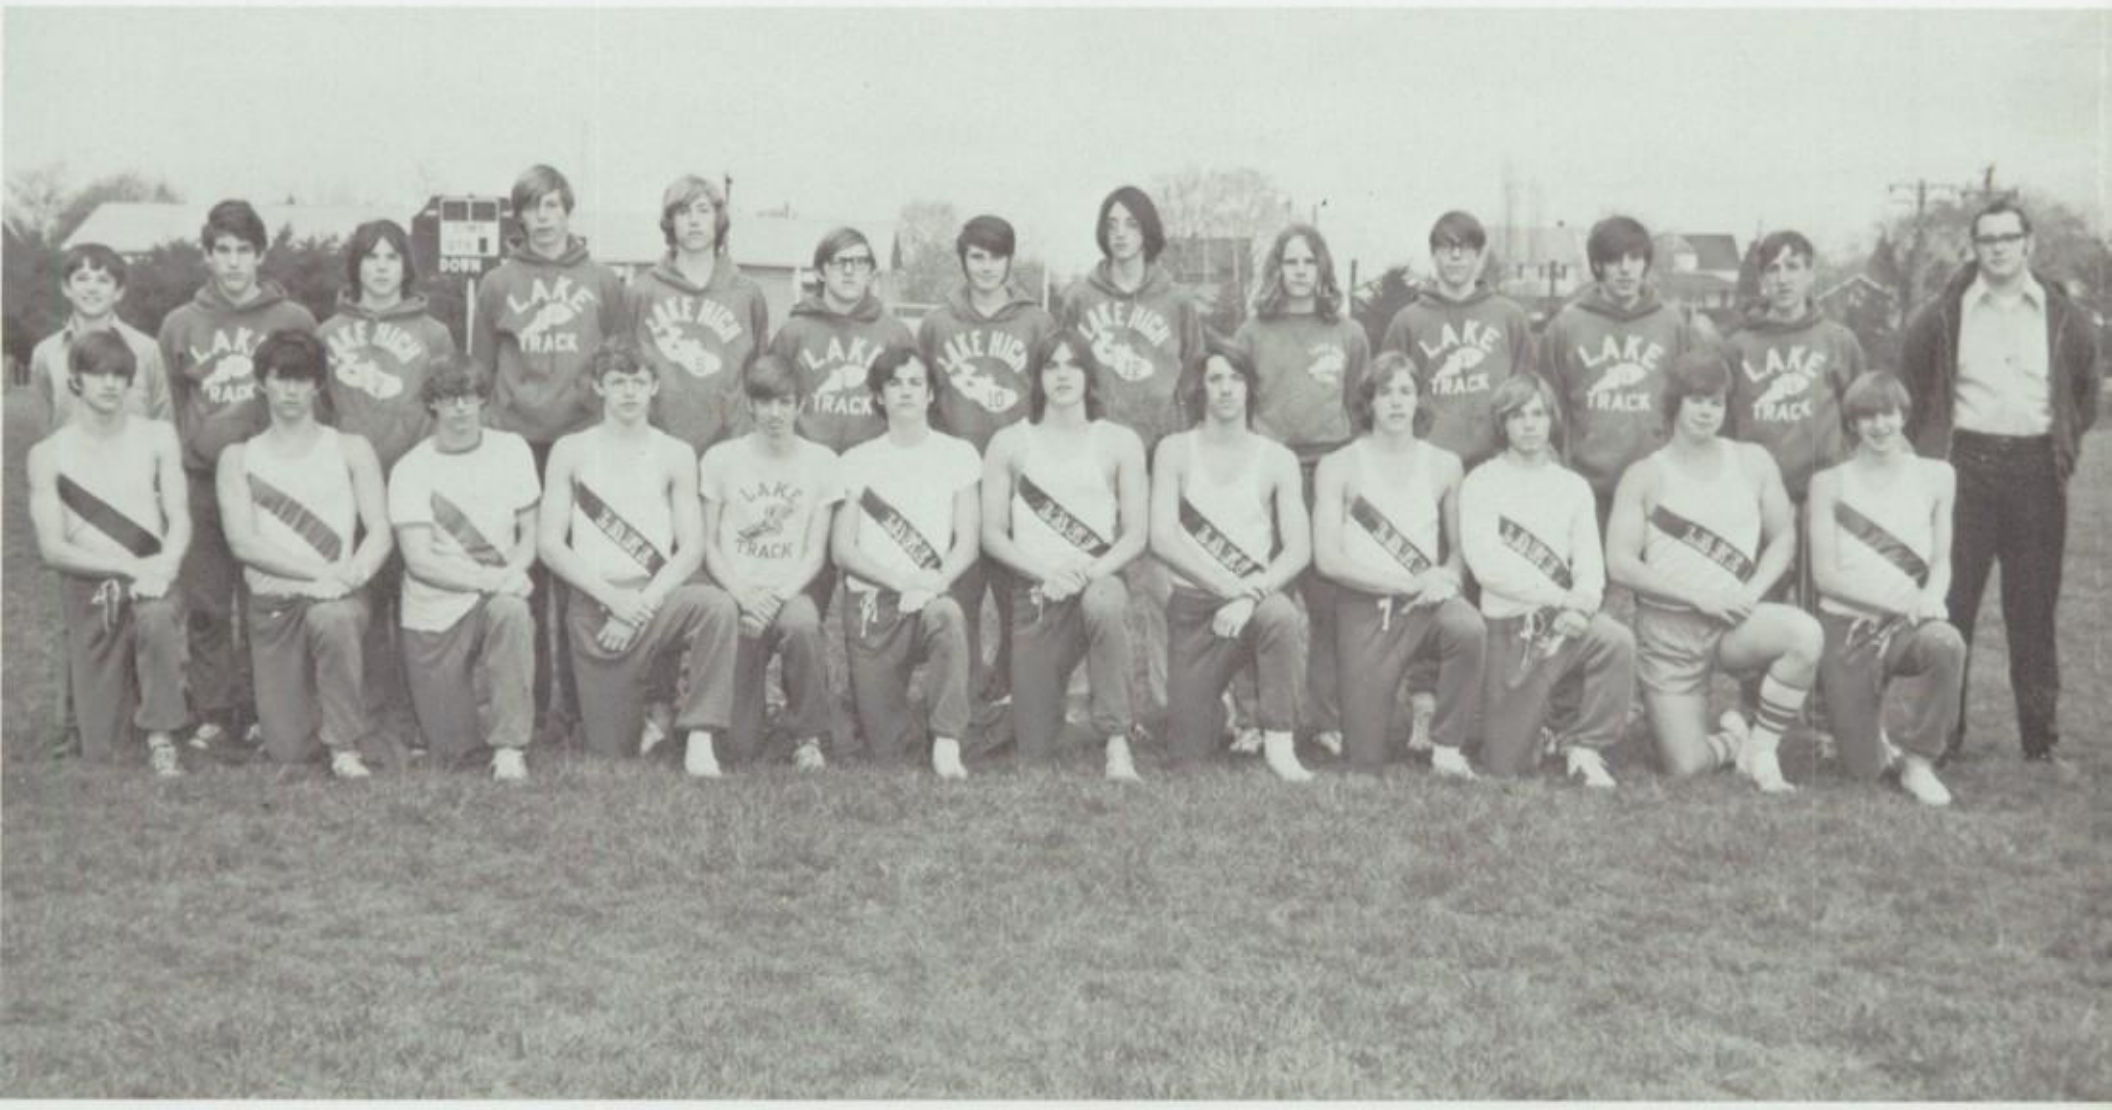




Track
1972

The young Track team, under their new Head Coach Jerry August, came through with a 4-6 record in 1972. However, Coach August is looking forward to a winning future, due to track program in the Junior High and the upcoming Freshmen and Sophomores, who were the team's most consistent scorers.

COACH JERRY AUGUST



Kneeling: Galen Hoyt, Rick Schlabach, Tom Friedman, Bob Hunter, Harold Thompson, Denny Yoder, Dave Bjorkman, Dave Hajba, Bob Jones, Rick Simmers, Chip Plant, Joe Kaylor.

FREE! GRADUATE CHECKING ACCOUNT.

FOR HIGH SCHOOL GRADUATES.

And graduates continuing as full time students anywhere.

With an initial deposit of $25, your Graduate Checking Account will be exempt from the usual service charges for one full year after graduation.

We'll also include a free initial supply of First National's exclusive Pro Football Hall of Fame Checks, personalized with your name and address. Regular price is $2.30 plus tax.

And if you continue as a full time student in any institution of higher education, your Graduate Checking Account will be continued with no service charge as long as your full time status continues. This means deposits can be made at home one day, and checks can be written at school the next.

Having your own Graduate Checking Account gives you an added dimension beyond pocket cash and excellent legal records of payments made.

We'll also put the first dollar in a GRADUATE SAVINGS ACCOUNT. And you can take it from there. It's a great way to save for a special purpose and earn good interest in the meantime.

So, just stop by any First National office and sign up for your free Graduate Checking Account, free checks and your free Graduate Savings Account. We'll look forward to meeting you.

And remember, together there's so much we can do. You and First National Bank.

Together

there's so much we can do.

FREE POSTER!

You can get your free 22" by 28" color "Together" poster at any First National office. And take a look at our "Together" tee shirts which are available for $1.92 plus tax.

If you still enjoy homemade bread, hot with butter or if you still want your pies and cakes made from "scratch" you're from the "Old School" of people who want quality without compromise. When it comes to candy we're from the "Old School", and when it comes to business we're from the "Old School", too! Therefore if you don't think London's "Old School" wrapped chocolates or London's Gourmet Chocolates are the best wrapped chocolates sold, we'll cheerfully refund your money.

Thank you very much for your business and your impeccable good taste.
